TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

To the inhabitants of the town of Derry qualified to vote in town affairs:

You are hereby notified to meet at Adams Memorial Hall in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town Officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial day.

4. To hear the reports of agents, auditors or committees heretofore chosen and pass any vote relating thereto.

5. To see if the town will vote to raise and appropriate a sum of money for the improvement of the highways in ac-

cordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

6. To see what sum of money the town will vote to raise and appropriate for the purchase of books for the Derry Public Library and for the maintenance of said Library, and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Taylor Library at East Derry, and for the maintenance of said Library, and pass any vote relating thereto.

8. To see if the Town will vote to place a hydrant near the F. P. Bradford Farm and pass any vote relating thereto.

9. To see if the Town will vote to raise and appropriate a suitable sum of money to sprinkle or oil the streets and pass any vote relating thereto.

10. To see if the Town will vote to raise by taxation, or otherwise, a sum not exceeding ten thousand dollars to carry out the provisions of Chapter 162 of the Laws of 1913 relating to the so called Rockingham Road, and pass any vote relating thereto.

11. To see if the Town will vote to establish, construct and maintain a sewer system at Derry, West Village, to raise and appropriate money for the same and pass any vote relating thereto.

12. To see if the town will vote to issue the bonds of said Town in accordance with the provisions of Chapter 43 of the Laws of 1895, to an amount not exceeding twenty-five thousand dollars, for the purpose of paying for the establishing and constructing of a sewer system at Derry, West Village, and pass any vote relating thereto.

13. To see what action the Town will take relative to

supplying East Derry Village with water, and pass any vote relating thereto.

14. To see if the Town will vote to appoint the corporation known as the Hopkins Home for Aged Women its agent to carry out the purposes of the trust created by the will of Lucretia Hopkins late of Wakefield, Mass., deceased, and to pass any vote relating thereto.

15. To see if the Town will vote to establish a rental price for Adams Memorial Hall of eight dollars per night up to 12 M.. and ten dollars per night if used after 12 M. Said rental not to include cost of janitor, police and other employees when rented to non residents, and pass any vote relating thereto.

16. To see what action the Town will take relative to the claim of Charles E. Reynolds of said Derry for bounty money due him under a vote passed by said Town at a special meeting held August 26, 1862, and pass any vote relating thereto.

17. To see if the Town will vote to discontinue the highway, or a part of the same, running from Beals Corner to Hampstead Street near Spollett's Store and pass any vote relating thereto.

Given under our hands and seal this 20th day of February A. D. 1915.

ALDEN G. KELLEY,
WILLIAM NELLER,
JAMES F. COBURN.
} Selectmen of Derry.

A true copy of Warrant,
Attest:

ALDEN G. KELLEY,
WILLIAM NELLER,
JAMES F. COBURN,
} Selectmen of Derry.

CONCORD, N. H., February 8, 1915.

TO THE SELECTMEN:

We suggest that you cause the following extract from the report of the Tax Commission for 1914 to be printed in your town report this spring. It may tend to economy in town appropriations.

Very truly,
STATE TAX COMMISSION,
By W. B. FELLOWS, *Secretary.*

REPORT STATE TAX COMMISSION.

INCREASE IN PUBLIC EXPENDITURES.

No power has constituted the members of the tax com, mission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislators and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of this state. The public revenue, state and municipal, is the voters' business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefore, all fees

fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it many be said that the taxes upon polls and estates represent about 95 per cent, and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all taxes assessed by and within the state of New Hampshire wa $5,373,420.22; in 1913 it was $8,765,039.07, an increase of $3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that is necessary to divide the ten year period: The levy in 1908 was $924,388.79, or 17 per cent. greater than in 1903, while that in 1913 was $2,467,230.06, or 39 per cent. greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent., of the population of the state increased only about 4 1-2 per cent., and while the one was advancing 39 per cent., the other increased only about 2 1–4 per cent.

It is interesting to study the subject from another angle. In the ten years from 1904 to 1914 both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904	$04,459.91
1905	286,590.14
1906	115,468.39
1907	411,257.46
1908	79,612.89
1909	539,995.97

1910	787,565.31
1911	215,848.50
1912	296,216.85
1913	627,603.43

The average yearly increase for the whole period was $336,561.85. The upward trend is more plainly shown however, by dividing, as before, the ten-year period in the middle and consider the halves separately. For the first five years the average annual increase was $184,877.76; for the last five years it was $493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the *per capita* standpoint the situation is not less disturbing. In 1903 there were assessed $12.88 in taxes for each man, woman and child in the state. Five years later there were assessed $14.75 for each individual, and in five years more $20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of $100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like $100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently

make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except n part.

SELECTMEN'S REPORT.

APPROPRIATIONS.

Summary of taxes on the polls and real estate to be taxed in the Town of Derry, on the first day of April, 1914

State Tax . . .	$7800 00

REPORT OF BOARD OF HEALTH.

There is very little to report this year. Derry has been very fortunate, we consider, for a town of its size, in not having more contagious diseases.

So far we have had reported, one case of typhoid fever, one case of measles, twelve cases of scarlet fever, with ten houses quarantined.

We feel it has been quite a little epidemic but are glad to state, the cases have all been light, with no serious results.

The board have spent very little money this year; so far less than $500, over $200 of which was spent in cleaning up what is known as Horne's brook, which should have been done some time ago. We think the citizens of Derry, especially those livihg within a half mile of the brook, agree with us that it was money well spent.

Yours very respectfully,

LOUIS DOWNING,
LOUIS PONTAUT,
GEO. H. BECKLEY,
} Board of Health.

DERRY WATER WORKS.

BOARD OF COMMISSIONERS.

WILLIAM NELLER, term expires January 1, 1916.
MICHAEL J. CASSIDY, term expires January 1, 1917.
WILLIAM T. MORSE, term expires January 1, 1918.

OFFICERS.

WILLIAM NELLER	-	CHAIRMAN
WILLIAM T. MORSE	-	CLERK OF THE BOARD
CHARLES BARTLETT	-	TREASURER
G. H. BEAN - -	-	SUPERINTENDENT

The year 1914 was a prosperous one for the local Water Works. The supply was adequate for all demands put upon it for domestic and fire purposes. The repairs and improvements made upon the plant during the year have added to its efficiency. We feel considerable satisfaction in being able to report so large a surplus at the close of the year. The urgent need of a larger standpipe is still before us and must be supplied within a few years. The following report by the superintendent gives the summary of the year's work and the present status of the Water Works plant.

WILLIAM NELLER,
WILLIAM T. MORSE, } Commissioners.
MICHAEL J. CASSIDY,

TO THE BOARD OF WATER COMMISSIONERS:

GENTLEMEN:—I herewith submit the annual report of the Superintendent for the year ending Dec. 31, 1914.

Much needed improvements have been made on the interior of the pumping station. New floors have been laid, and the pump and boiler rooms have been painted throughout. The condensing pump and heaters have been moved, giving a little more room.

It was absolutely necessary to repair the large compound pump or buy a new one. As we did not think we could afford a new one at that time, the water end of the old pump has been repaired at an expense of about $800.00 however, this pump must be replaced within a few years.

The coming year it will be necessary to replace the old Cunningham boiler, which was installed when the Works were built in 1890, with a new high pressure boiler.

In September the standpipe was thoroughly scraped and painted inside and out with two coats of graphite paint. During the eight days the standpipe was empty the pumps were kept running constantly to keep up the pressure.

Two old hydrants have been replaced with new Cory Steamer hydrants.

One six inch gate has been replaced and three have been repaired.

About the only extention to the pipe line has been four hundred and fifty feet of two inch pipe. Twenty one service pipes have been added and fifteen old ones relaid.

Over fifty per cent of the services are now metered.

The fire at the Adams Memorial Building, on January 13, was a great inconvenience coming as it did at our busiest season. Temporary quarters were provided by the Town, in the Knights of Pythias Block. About the first of June we were able to move back to a new office in the Memorial Building. Our loss from the fire was about one hundred and eighty five dollars.

We have paid all running expenses; $938.98 for extentions; $4690.00 interest on bonds; bought a $1000.00 Mil-

waukee bond and carried $5700.59 over as a nucleus for the new year.

Considerable work has been done this year which was outside the regular department work. We have furnished men and supplies for the tree sprayer and steam roller and have done all the repairs on both, for which we received payment from the Town.

STATISTICS.

Number of services January 1, 1914, 798.
Number added during year, 21.
Number discontinued during year, 19.
Total number, 800, of which 406 are metered.
Number of meters added during year, 69.
Number of hydrants, 64.
Total number of gallons of water pumped, 73,479,370.
Average number of gallons pumped per day, 201,313.
Largest amount pumped in one day, January 13, 424,451.
Least " " " " " October 24, 85,230.
Largest amount of coal used in one day, January 14, 3,000.
Least " " " " " " " October 24, 600.
Number of tons of coal used in 1914, including banking, 206.
Average number of gallons pumped per pound of coal, 182.
Average number of pounds of coal used per day for pumping only, 1112.

DERRY PUBLIC LIBRARY.

To the Trustees of the Derry Public Library:

The tenth annual report is herewith presented:

The year's work began in the Knights of Pythias block and the favorable location tended to increase the circulation. The largest number of books loaned in one day was while there.

In June the Memorial Building was ready for occupancy and though we had been very fortunate in securing our temporary quarters we were glad to get back into the old building. The rooms had been much improved especially by the change in the electric wiring and also enlarged. Shelving to accommodate 1400 new books was added at this time and the extra room together with the new arrangement of the furnishings gives us floor room for still further stacks, providing room for a number of years to come. The library was closed four days while the removal was being made.

During the summer we were presented by the Hebrew Progressive Society with 115 books in its own language. The number of these books taken justifies the acceptance of the gift. During the six months they have been circulated 249 books have been loaned, most of them to young men. Some of these borrowers take an English as well as a Hebrew book. The library is thus becoming useful to a larger part of our community.

The general circulation had continued to increase so largely that since Sept. 1st the library has been open for the delivery of books every day from 2.30 to 5.00 o'clock and from 6.00 to 9.00 o'clock, on Saturdays from 5.00 to 6.00

o'clock also. This has distributed the work more evenly over the whole week. The year's increase is larger than in any previous report 7171 volumes, a gain of 26 per cent.

The registration shows 428 new borrows and 296 names discontinued.

The number of books purchased during the year was 695 not as many as were discarded on account of the fire and for other reasons but nearly twice as many as are usually purchased in one year.

In June I attended the N. H. Library meeting held in Rochester where library problems were discussed and helpful addresses given. In December I attended the dedication of the Carpenter Memorial Library of Manchester.

The inventory was taken this year as usual and two books cannot be accounted for. Considering the upheaval the library was subjected to the past year I feel that this is a very satisfactory record.

I submit the following statistics:

STATISTICS.

Accessions.

By purchase	695	volumes	
By gift	10	"	
By gift, Hebrew books	116	"	
By binding magazines	27	"	
Number of volumes replaced	66	"

REPORT OF THE TRUSTEES.

The Taylor library at East Derry is the oldest library institution in town, and for many years was the only public library here. On account of its location it does not have the advantages to offer that are held out by its sister institution established a few years ago in the western part of the town and being open to the public only two days each week is less convenient for its patrons. The means of access and the accommodations at this library are not what we wish they were, and the need of larger and better quarters is being realized more and more as the days go by. The trustees and

librarian are endeavoring to have the library fulfil its mission as anticipated by its generous founders. When any of its patrons would desire to see certain acceptable books placed upon its shelves the fact should be made known to the librarian.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Derry qualified to vote in district affairs.

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1915, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of Schools.

8. To see how much money the District will raise and appropriate for the salaries of the School Board and other District officers.

9. To see if the District will authorize the School Board to borrow money on temporary notes of the District to pay debts of the District, as provided by Public Statutes Ch. 89, Sec. 3, as amended by Ch. 55, Laws of 1913, and pass any vote relating thereto.

10. To see how much money the District will raise and appropriate for payment of notes outstanding against the District.

11. To see if the District will vote to raise money for purchasing land and erecting a new school house in said district, or for the purpose of providing additional school-rooms. To determine the amount to be raised and the method of raising the same. To take action with reference to the location. To choose necessary committees and to pass any vote in relation thereto.

Given under our hands at said Derry this 19th of Feb, 1915.

EVA C. DAY,
EDWIN B. WESTON,
HERBERT L. GRINNELL, Jr.
} School Board.

REPORT OF THE SCHOOL BOARD.

In compliance with the law, the following report with a financial statement for the year ending Feb. 15, 1916, and an estimate for the coming year to end Feb. 15, 1915, is respectfully submitted.

The Supervisory District is composed of Londonderry, Derry Special and Derry Town Districts, the same as last year. At the Supervisory meeting held in May Mr. Charles W. Cutts was re-elected at a salary of $1700, one half of which is paid by the State. Of the other $850, Londonderry pays $225 for three half days, Derry Special pays $85, and Derry Town $510.

This year Mr. Cutts has his office at the Adams Memorial Building, which is very convenient and is also a saving in rent to the Town District. This is Mr. Cutts's third year as Superintendent, and under his efficient supervision the schools are improving steadily.

Owing to the crowded condition in the 6th and 7th grades, we feel that we shall have to provide for one and possibly two new teachers for the coming year.

Some much needed repairs have been made on the Oak St. School, and some minor repairs have been made at the West Side School. New blackboards have been placed in Districts No. 3 and 4.

About one half of the children at District No. 3 come from Londonderry, and Londonderry pays one half of the expense of maintaining the school.

During the past year we have paid all current bills against the District and have paid $800 on note indebtedness. There remains $1600 notes outstanding.

This next year we shall have to have at least $2200 for High School tuition as the rebate is based on the tax rate for the five years next preceeding. This year we shall ask the District to raise the sum of $8500 at the annual meeting.

The following is an estimate of the amount required to meet the statutory obligations, and this report is a notice to the seleetmen as required by law:

High School Tuition . .	$2200
Books and supplies . .	800
Flags and appurtenances .	25

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Town School District:

I submit herewith my third annual report as Superintendent of schools.

Since the last annual report, several changes have occurred in our teaching force. Miss Ray, principal of the Oak St. school, resigned in May to accept a position in Massachusetts. Mr. W. D. Davis was secured to succeed her, and has proved to be a valuable man for the place. Miss Wilson was transfered from District No. 4 to the 7th grade room in the Oak St. school to succeed Miss Hamblett, but after teaching a month she resigned to accept a position in Lawrence. Miss Arnold, who had taught for nearly two years at District No. 7, was now put in charge of the 7th grade room. These are the only changes in the fifteen rooms of the Oak St. and West Side buildings. These, however, made necessary new teachers at Districts Nos. 4 and 7. Miss Gertrude C. McEneaney and Miss Edna R. Pressey were selected for these schools, and Miss Ruth W. Taylor was chosen for District No. 8. Thus we began the year with three new teachers. At the close of the fall term, Miss Taylor resigned, and a little later Miss Murphy at District No. 5 also resigned, both to accept positions elsewhere. Miss Caroline Roesner and Miss Mary W. Barrett were secured for these positions.

Forty were graduated from the 8th grade, and most of these entered the Academy.

The most important change in our school conditions for

the present year is the increase in the number of children. More than seventy entered the sub-primary room at the West Side school at the beginning of the year. This congestion was finally relieved by transferring some to the Oak St school and by putting some of the more mature into the 1st-grade rooms. There are at present seventy-five more pupils in these two buildings than there were a year ago on the corresponding date. This increase has resulted in an over crowded condition in several rooms. The average membership for the fall term in the Oak St. building would equal forty-three for each of the nine rooms in the building. The 6th and 7th grade rooms were especially crowded. The 7th grade room had a membership of 55 and the 6th grade room had 61. These are conditions that ought not to be tolerated. but we had no more room, and could secure none whereby these rooms could be relieved. The only immediate relief seems to be in securing another teacher to do tutorial work particularly in the 5th, 6th and 7th grades, where on account of numbers the room teachers can give very little individual assistance. It is planned to try this arrangement with the beginning of the next term.

But other plans must be made for the future. There are ninety in the two fifth grades. This means, of course, that there must be two full 6th grades next year, and at the same time both the 7th and 8th grade rooms will be altogether too large. It is evident that we must have more room. If the school population continues to increase as it has the past year, a new building will be absolutely necessary. If a building is erected, provision should be made for future growth, and also for development of work along new lines. The time is surely coming when new lines of work must be provided for in our schools. There is urgent need for such now. Many of our pupils would profit much from properly correlated manual work, such as cooking and sewing for girls, and some form of constructive work for boys.

Additional teachers will be needed next year, and in other ways the cost of our schools will increase. It may not therefore be an opportune time to suggest that better provision be made for our teachers. Nevertheless this should be done. We have a splendid body of teachers, faithful and efficient, but they are underpaid. They are provided with work for only 36 weeks in the year, and then their pay ceases. They could earn much more at almost any other employment with far less responsibility and nervous strain. In justice to the teachers and in the interest of greater efficiency of the schools, better salaries should be paid.

The school buildings in the outlying districts need special attention during the coming year. All will need repairs, some should be provided with new furniture, and the outbuildings should be thoroughly renovated. Some of these are in a disreputable condition, a menace to both health and morals. The bill before the legislature empowering the State Board of Health to compel necessary changes to be made in such casses will doubtless become a law. We ought not however to wait to be compelled by some outside authority to do our plain duty. The needed changes will cost money, but better expend some money than to jeopardize further the physical and moral wellbeing of the children.

I am very glad to report that there seems to be in general a very cheerful compliance with the requirements of the Child Labor Law. The Compulsory Attendance Laws however have operated to lessen the number of labor certificates required, In this connection I may say that we have very few parents who apparently ignore or would like to ignore the requirements of the Compulsory Attendance Laws. Every parent who is at all interested in the future well-being of the child wishes his child to be in school every day as the law requires.

Some features of the attendance record are of interest In spite of the severe weather of last winter, the Roll of

Honor for the year ending in June was 50 per cent larger than that of the year before, and whereas 158 were reported not absent or tardy during the fall term of 1913, 221 were so reported for the fall term of this year.

The following table shows the important figures for several years. The attendance records for the present year are for the fall term, and will necessarily be quite a little different when computed for the entire year. The total enrollment and average membership may increase somewhat, while the average attendance and per cent of attendance will decrease.

	'11	'12	'13	'14	'15
Total enrollment	680	763	787	748	793
Av. membership	574	642	644	677	746
Av. attendance	533	601	600	634	719
Per cent of attendance	92.6	93.5	93.5	93.6	96.36
Av. cost of teaching	$15.26	12.95	13.92	14.00	14.10
Av. cost books & supplies	1.08	1.48	0.60	0.76	0.94

The schools generally are in good condition. There has been some interruption on account of weather conditions and sickness, but on the whole the work of the year has progressed satisfactorily, and the prospect for the successful completion of the year's work is encouraging.

In conclusion, I wish to thank the board for hearty cooperation in all matters that pertain to the well-being of the schoo's.

Respectfully submitted,

CHARLES W. CUTTS, Supt.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

(L. S.)

To the inhabitants of the Special School District No. 2, in the Town of Derry qualified to vote in district affairs.

You are hereby notified to meet at the School House in said district on the thirteenth day of March 1915, at 2.30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2 To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of Schools, including Superintendents salary, supplies, High School tuition, Interest on debt, in addition to amount required by law.

8. To see if District will vote to authorize the School Board to borrow money in anticipation of taxes.

9. To see what sum of money the District will raise and appropriate towards paying the debt incurred by installing the new heating system.

10. To see if District will take any action regarding transportation of pupils also payment of tuition.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry this Twenty-sixth day of February 1915.

EMMA ABBOTT CAMPBELL,
SUSAN BILLINGS RANNEY,
FRED E. STEVENS,
School Board.

A true copy of Warrant—Attest:

EMMA ABBOTT CAMPBELL,
SUSAN BILLINGS RANNEY,
FRED E. STEVENS,
School Board.

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Special School District No. 2:

I herewith submit my annual report on the progress and condition of the schools.

The year was completed in June by the graduation of an unusually large class from the eighth grade, nearly all the members of which entered the Academy. By the graduation of so large a class, the Grammar room was left very small, hence the 5th grade was transferred for the time being from the Primary room to the Grammar room. In this way the somewhat congested condition of the Primary room was relieved.

We have been fortunate in retaining to this time the

same teachers for several years. Their work has been excellent and has given character to the school. It is a matter of regret that one is about to withdraw to engage in other employment. It is unfortunate that the salary cannot be made sufficiently attractive to hold teachers. In justice to the teachers and for the ultimate good of the schools, the salaries should be increased.

The following facts were reported to the State Department for the year ending in June: Total enrollment 60; average membership, 53.66; average attendance, 49.09; per cent of attendance, 91.48. The corresponding facts for the Fall term of the present year are as follows: Total enrollment, 51; average membership, 47; average attendance, 45.17; per cent of attendace 96.11. Ten were reported as not absent or tardy for that term. For the year endng in June there was but one who had a perfect attendance record, Signe Rice.

In conclusion, I wish to thank the members of the Board for cordial support and cooperation in all matters.

Respectfully submitted,

CHARLES W. CUTTS, Superintendent

THE NEW FORM OF TOWN REPORT.

Recommended By the State Tax Commission.

Through the courtesy of the Selectmen, the State Tax Commission has been enabled to reorganize in part the financial report of the Town of Derry to conform to the uniform system recommended for all New Hampshire towns. The report presents in summary form, first the financial standing of the town at the end of the year, and second the financial transactions during the year. This information is summarized in two statements, one of assets and liabilities called a "Balance Sheet," (See page 12-13), the other a schedule of "Receipts and Payments," (See page 20-23).

The "Balance Sheet" is divided into two parts, (1) the "General Account" in which the cash and other assets readily realized upon are set over against the immediate demands for cash; and (2) the "Capital Account" in which the bonded debt is compared with the sinking funds and the permanent assets of the town such as the town hall property. The detailed information in regard to items in the Balance Sheet is given in Schedule A to E following it, for instance the detail in regard to the bonded debt is given in "Schedule A."

In the uniform classification of Receipts and Payments, the receipts are classified according to the sources from which they come, and the payments according to the purposes for which the money is expended. The receipts are divided into two classes: (1) Current Revenue, which includes the ordinary items such as taxes, amounts received from the State and County, licenses and rent of the town hall; (2) Receipts other than Current Revenue, which include the unusual items such as money borrowed. The payments are

divided so that the amounts paid for the ordinary Current Maintenance Expenses of the government are separated from the payments of interest; and from the extraordinary Outlay for New Construction and Permanent Improvements such as buildings, road, sewers, and sidewalks. The payments on the principal of debt and the payments to sinking funds form a separate item called Indebtedness payments, All of these which are payments for the town government itself are separated from the Payments to Other Governmental Divisions such as the State, County, Precincts and School Districts.

The detailed information in regard to the payment is given in the "Detailed Statements of Payments" following the summary schedule.

It has been difficult to make up the report according to the new form because the old system of bookkeeping is used in Derry. The Tax Commission respectfully recommends that the Town of Derry do as Gorham and some of the other towns are doing, adopt the uniform method of accounting as well as the new form of report.

Personally, I wish to thank the officers of the Town particularly Mr. Coburn and Mr. Bartlett, for their co-operation in the re-arrangement of this report.

EDWARD C. MABIE,
Assistant, State Tax Commission
Municipal Finance and Accounts.

TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE.

ROCKINGHAM SS.

[L. S.]

To the Inhabitants of the Town of Derry qualified to vote in Town Affairs.

You are hereby notified to meet at Adams Memorial hall, in said Town, on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, Department of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial Day.

4. To hear the reports of agents, auditors or committees heretofore chosen and pass any vote relating thereto.

5. To see if the Town will vote to raise and appropriate a sum of money for the improvement of the highways in accordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

6. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Derry Public Library and for the maintenance of said Library and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Taylor Library at East Derry and for the maintenance of said Library, and pass any vote relating thereto.

8. To see if the Town will vote to raise and appropriate a sum of money to sprinkle or oil the streets and pass any vote relating thereto.

9. To see if the Town will vote to raise by taxation, or otherwise a sum not exceeding five thousand dollars to carry out the provisions of Chapter 162 of the Laws of 1913 relating to the Rockingham Road, and pass any vote relating thereto.

10. To see if the Town will vote to establish, construc andmaintain a sewer system in said Town, in the Middle and West villages, to raise and appropriate money for the same and pass any vote relating thereto.

11. To see if the Town will vote to issue bonds of said Town in accordance with the provisions of Chapter 43 of the Laws of 1895, known as the "Municipal Bond Act," to an amount not exceeding sixty-five thousand dollars, for the purpose of paying for the establishing and constructing of a sewer system in said Town, in the Middle and West villages, and to provide a sinking fund for said bonds and raise and appropriate money for the same, and pass any vote relating thereto.

12. To see what sum of money the Town will vote to raise and appropriate for the purpose of repairing Broadway, between the two villages.

13. To see if the Town will vote to raise the sum of One Thousand Dollars or any part thereof for the purpose of repairing the highway leading from the corner near the house of George W. Chase to the Salem line, past the residence of Arthur A. Chase.

14. To see if the Town will vote to make a contract to have the street lights burning every night in the year, from twenty minutes after sunset, till one o'clock a. m.

15. To see if the Town will vote to place a hydrant at the corner of Wyman Street and Hillside Avenue in said Town.

16. To see if the Town will vote to accept as a public treet, Hillside Avenue, so called, beginning at the west end at the Londonderry line and thence northerly to Ash street.

17. To see if the Town will vote to exempt from local taxation for a period of ten years the factory erected by the Citizens Building Association for the Woodbury Shoe Company.

Given under our hands and seal this twenty-sixth day of February, 1916.

JAMES F. COBURN,
ERNEST L. ABBOTT,

M. J. CASSIDY,

FIREWARDS' REPORT.

DERRY FIRE DISTRICT.

FROM APRIL 1ST 1915 TO FEBRUARY 15TH 1916.

The Firewards wish to submit to the voters of the Derry Fire District the following report for the year ending Feb. 15th 1916.

According to the vote of the last annual Fire District meeting, the committee appointed, after carefully investigating the service given by different makes of auto combination machines, purchased a Six Cylinder Triple Combination American La France, and the demonstration as well as the service given since the machine was accepted, has peen perfectly satisfactory.

The department has had 41 calls the past year, 20 still alarms and 21 bell alarms.

The total damage to buildings by fire	$3795.00	
The total damage to contents by fire	1760.00	
The total fire loss since April 1, 1915	———	$5555.00

At the last district meeting the matter of exchanging or selling the horses was left in the hands of the firewards, and it was our judgement that it would be better to dispose of one of the horses, as we had use for only one after installing the Auto truck.

We have provided the men in the department with new rubber coats for protection, as the old cloth coats were of very little use and many of them had shrunk from continual wetting until they were too small to be used at all.

The roof and tower of the Engine House need some repairing, the gravel roof needs patching and the iron on the

sides of the tower has rusted through in several places, and will either need to be re-ironed or clapboarded.

Respectfully submitted,

EDMUND P. CHAPLIN,
WILLIS F. CHASE, } Firewards.

CHARLES F. GILLISPIE,

Auditor.

REPORT OF BOARD OF HEALTH.

The last legislature passed a law making a change in the local board of health in the towns of the state. Instead of the selectmen appointing three local health officers they simply recommend one man to the State Board of Health, who appoint him to the office for a term of three years.

This simplifies matters and makes it easier for the State board to keep in touch with the local board. The Selectmen are considered a sort of advisory board with the local board.

This plan was first adopted by Vermont and has proven very satisfactory.

There has been very few complaints of cesspools, etc., the past year, the owners generally looking after such matters as needed.

There has been one case of typhoid and one of whooping cough, 20 cases of scarletina, all very mild.

Some persons have a wrong impression regarding assistance during quarantine, thinking they are entitled to all they can get out of the town.

Where as the law says we shall render only such assistance as we deem wise and necessary. We try to be charitable and just to all as well as fair and honest to the town.

WALTER R. SANDERS, M. D.
Health Officer.

DERRY WATER WORKS.

Board of Commissioners.

MICHAEL J. CASSIDY, term expires January 1, 1917.
WILLIAM T. MORSE, term expires January 1, 1918.
WILLIAM NELLER, term expires January 1, 1919.

OFFICERS.

WILLIAM NELLER	-	Chairman
WILLIAM T. MORSE	-	Clerk of the Board
CHARLES BARTLETT	-	Treasurer
G. H. BEAN	- -	Superintendent

The past year has been one of the most successful in the history of the Water Works. The income has been most gratifying and the plant has been placed in most excellent condition. The mechanical part and the source of supply of water is first class. There has been for several years an urgent need of a larger stand pipe, and the necessity for such is even greater today than ever. The following report by the superintendent gives the summary of the year's work and the present status of the Water Works plant.

WILLIAM NELLER,
WILLIAM T. MORSE, } Commissioners.
MICHAEL J. CASSIDY,

To the Board of Water Commissioners:

I herewith submit the annual report of the Superintendent for the year ending December 31, 1915.

Early in the year the old Cunningham boiler was replaced

by a new high pressure boiler, insured for 150 pounds working pressure. At the same time the boiler which was installed in 1906 was reset with an overhanging front and repiped throughout with extra heavy pipe. The steam plant is now in first class condition.

The pumping machinery is in as good condition as can be expected considering the number of years it has been in use.

The High street line has been extended from the railroad crossing to Ross's corner, so called, a distance of 3200 feet, with six inch cast iron pipe. Two hydrants have been placed on this line, one at the corner of Franklin St, and Folsom Rd. and the other at Ross's Corner. Four services and the Clark and Carr farms owned by H. P. Hood & Sons are connected on this line.

Twenty-five service pipes have been added and nine old ones relaid with one inch cement lined pipe.

We have furnished men and supplies for the tree sprayer and steam roller the same as last year.

We have paid all running expenses: $3521.90 for extensions $4690.00 interest on bonds; bought five Town of Derry Water bonds, $5000.00, and carried $1100.57 over as a nucleus for the new year.

STATISTICS.

Number of services January 1, 1915, 800.
Number added during year, 25.
Number discontinued during year, 1.
Total number 824, of which 477 are metered.
Number of meters added during year, 71.
Number of hydrants added during year, 2, total 66.
Total number of gallons of water pumped, 69,691,194.
Average number gallons pumped per day, 190,934.
Largest amount pumped in one day, March 17, 591,975 gal.
Least amount pumped in one day, April 9, 86,962 gal.

Largest amount of coal used in one day, March 17, 2700 lbs.
Least amount of coal used in one day, October 17, 675 lbs.
Number of tons of coal used in 1915, including banking, 198.
Average number of gallons pumped per pound of coal, 180.
Average number of pounds of coal used per day for pumping only, 1069.

DERRY PUBLIC LIBRARY.

The work of the library for the last year and its present condition are shown by the reports of the librarian and treasurer which are herewith presented. The largely increasing patronage from year to year, shows the high appreciation in which the library is held and its worth to the community can hardly be questioned.

Harriett D. Low,

J. H. NICHOLS, Chairman.
HARRIETT D. LOW, Secretary and Treasurer.

LIBRARIAN'S REPORT.

To the Trustees of Derry Public Library:

The eleventh annual report is herewith presented:

The library was closed two and a half weeks in March on account of the illness of both the librarian and the assistant, with this exception the rooms have been open and books delivered every week day from 2:30 to 5:00 o'clock and from 6:00 to 9:00 o'clock. On Saturdays continuously from 2:30 to 9:00 o'clock. Other duties have occupied the time of the librarian from 1 o'clock till the time of opening.

The scarlet fever epidemic early in the year greatly interfered with the work of the library during its usual busiest months but notwithstanding this, its circulation was larger than ever before.

The work of the assistant is increasing continually; 438 more books have been repaired by her this past year. Her

work has always been most satisfactory. Especially has this been true when Mrs. Howe has been in charge of the library during my months absence in July and during my illness in March.

There has been a large number of new applicants for ibrary privileges and the number coming for reference or study matter increases so that daily much of the librarian's time has to be given to these. To new work has been nudertaken but I hope that next year some new features will be introduced, including the picture collection which will be especially for school use.

There is a constant demand for new books which it is difficult to fully supply, but I believe that the quality of those added during the year has greatly enhanced the real value of the library. A new set of Shakespeare has been added, Parker's History of Londonderry, and a large proportion of practical books and other works of non-fiction; besides the best of the new fiction. The semi-annual lists of new books have been issued as usual. I have attended during the year the state meeting of N. H. Library Association at Manchester, a Library Institute of the Women's Club at Derry, and two committee meetings as a member of the Executive Board of the N. H. L. A.

The growth of the library may be learned from a comparison of this report with that of 1906, which was the first full years' work reported. At the beginning of that year there were 1228 volumes in the library, now there are 5388. The first year's circulation was 16,580, less than half that of the past year. The first year and a half 1333 people applied for cards. During the past year 2005 cards have been used. Each year there has been an increase reported.

I submit the following statistics for the year:

STATISTICS.

TAYLOR LIBRARY.

REPORT OF THE TRUSTEES.

The Taylor library at East Derry is doing the good work we believe that its generous founders anticipated, and it is hoped that much good is resulting from the influence of this institution. We feel confident that the class of books found upon the shelves of this library are such as to warrant strict examination and approval. We much regret that the library is not more easily of access to the residents of the western part of the town as we feel they would appreciate the opportunity of selecting books from its shelves. New books are being added often and it is desired by the trustees and librarian that when any of our patrons desire to see a certain book or books there they would make the facts known that it may be secured if it is worthy of a place in this library.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Derry, qualified to vote in district affairs.

You are hereby notified to meet at the Adams Memorial Building in said district on the 11th day of March, 1916, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees, in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of Schools.

8. To see how much money the District will raise and appropriate for the salaries of the School Board and other District officers.

9. To see if the District will authorize the School Board to borrow money on temporary notes of the District to pay debts of the District, as provided by Public Statutes Ch. 89,

Sec. 3, as amended by Ch. 55, Laws of 1913 and pass any vote relating thereto.

10. To see if the District will vote to raise money to purchase land for a school house lot and to erect a new school house thereon, and to appoint a committee to locate and erect said school house and to pass any vote in relation thereto.

11. To see if the District will vote to issue its bonds in conformity with and subject to the limitations of Ch. 43, Laws of 1895, entitled the "Municipal Bond Act," to the amount of $25,000, for the purpose of purchasing land and erecting a school house thereon; to fix the kind and denomination of such bonds; the time and place of payment; the rate of interest and pass any vote in relation thereto.

12. To see how much money the District will vote to raise to pay interest and provide for a sinking fund for said bonds of the District, and to take any vote in relation thereto.

13. To see if the District will vote to adopt the provisions of Ch. 83, Laws of 1913, relating to Medical Inspection and to pass any vote relating thereto.

Given under our hands at said Derry this 25th day of February 1916.

EVA C. DAY.
} School Board.

REPORT OF SCHOOL BOARD.

The School Board of the Derry Town District respectfully submits the following report together with a financial statement for the year ending Feb. 15, 1916 and an estimate for the year ending Feb. 15, 1917.

Charles W. Cutts was elected superintendent of the Supervisory District, composed of Londonderry, Derry Special and Derry Town District, at a salary of $1750, one half of which is paid by the state. Out of this salary, Londonderry pays $262.50 for three half days, Derry Special pays $87.50, and Derry Town District pays $525.00 for the remainder of the time.

Owing to the crowded condition of our school houses your committee was obliged to furnish an additional school room in the Municipal Court Room. Although this was not adequate to accommodate all of the children between the ages of 5 and 8 years; yet no other suitable school room has been available, consequently, the age limit for attending school was raised to 6 years, which arrangement we believe has not hindered the advancement of any child.

In the school warrant your committe has asked the District to vote to erect a new school house at a cost of approximately $25,000, which action seems to us absolutely necessary. During the past year all the current bills against the District have been paid together with a note for the amount of $1600 which clears the District of all indebtedness. We have asked the District to vote to bond the District in order to pay for the erection of a new school house, which method seems to us to place the least burden upon the tax payers.

The amount to be raised in addition to that required by law for the ensuing year must be of necessity somewhat larger than that last year and we shall ask the District to raise the sum of $9500, also $1750 in addition for interest on bonds and to provide a sinking fund if the District so votes. The following is the amount required to meet the statutory obligations and this report shall be notice to the selectmen as required by law.

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Town School District:

I submit herewith my annual report as Superintendent of Schools.

The school year was completed in June with the graduation of forty-seven from the eighth grade. Most of these entered the Academy.

With the opening of the new year in September, it became necessary to provide another sixth grade room. For the accommodation of the children living on the West Side, a sixth grade was put in the West Side school. This made it neceassry to provide a room for the so-called sub-primary outside that building. The Court Room was secured for this purpose, and, fitted with chairs and tables, it has served very well. So many, however, applied for admission that all could not be accommodated in this room. No other room suitable for the purpose was available, and after carefully canvassing the situation, it was decided to exclude all who would enter under six years of age. The rest being redistributed were comfortably accommodated. It was felt that this could be done without endangering in any way the educational interests of the children.

With one or two exceptions, all of the rooms in the Oak St. and West Side buildings are full. Several have more pupils than permanent sittings. This is particularly true of the seventh grade room, where the membership has been as high as 57 at one time. At no time has it been less than 53. For the sixteen rooms in this village, the average has been more than 40 to a room, and about 40 between 5 and 6 years old were excluded. The census revealed as many more between the ages of 5 and 8 who did

not apply for admission. We are facing this situation. There must be another seventh grade next year, also another second grade, and at least one or more first grade rooms. These with the school now held in the Court Room will require four more rooms than are contained in the two buildings we now have. It is apparent that we must have additional room.

A new building is urgently needed, and it will be wise when building to plan somewhat for the future. The town is growing, and furthermore our work must expand. If we are to meet the needs of the community at all adequately, we must provide training along practical lines. Cooking and sewing can very easily be made profitable for the girls in the upper grades, and carpentry, cabinet-making, or other good manual work, for the boys. Not only can practical knowledge and skill be acquired by the use of these subjects, but with many pupils they serve general educational ends better than the ordinary subjects to which we devote so much time. It will be well to build with these things in mind.

We must also soon meet the proposition of a longer school year. Thirty-six weeks give rather limited time in which to do each year's work, and at the same time the remaining sixteen weeks make altogether too much time for children to be out of school, particularly if they are allowed to roam the streets and seek amusement wherever they please. Much of the work of the schools is defeated by the influence of the street and the laxity of home control. A large part of the retardation in our schools is due to this very thing.

Since it was necessary this year to raise the age limit of admission to six, it may be an opportune time to make that a permanent arrangement. We have been giving nine years time to do an eight grade course of elementary work. This was necessary because children were admitted too young to do formal school work successfully, consequently it generally required two years to do the first grade. Wherever the eight-grade system is used, it is usual to raise the entering age to

six or approaching that. It has been costing approximately $1000 a year to maintain two so-called subprimary rooms without any appreciable gain educationally to the children, This was because they were admitted too young to do successfully formal school work. If we can afford to continue to do this, it will doubtless be appreciated by those who would like to have their children enter at the earlier age.

Several changes in the teaching force have occurred. Miss Arnold of the seventh grade, and Miss Winn of the West Side sub-primary were offered better paying positions,and resigned. Early in the Fall, Mr, Davis, Principal in the Oak St. school, was elected to a principalship in Woburn, Mass. These were among our strong teachers, and their departure was a distinct loss to our teaching force. We have been fortunate, however, in filling their places.

I feel that I should suggest again the desirability of increasing the pay of the teachers. We are fortunate in having excellent teachers that we are holding because of other considerations than pay. Many of our teachers could readily get more pay elsewhere. The present salary schedule for the short school year gives a teacher no more than enough to barely meet her living expenses. I would suggest the advisibility of increasing the maximum salary one dollar a week. I believe this would be an act of justice to the teachers and would result in promoting the well being of the schools.

Several of the rural schools need considerable attention. New furniture and equipment is needed in some of them. A little has been done each year in this direction,and by continuing this policy all the schools may be in time put in satisfactory condition. The most serious question still remains, as it always has been, that of proper sanitation. It is somewhat difficult to properly heat and ventilate the rooms. A little care, however,in these matters may easily improve them. A jacketed stove with necessary ventilating arrangement has been put into the building in district No. 4, and seems to be

working very satisfactorily. It may be too soon to conclude that similar arrangements should be installed in each of our one-room buildings. The toilet arrangements of the district schools are exceedingly unsatisfactory. Particularly is this the case at No. 6. Here something should be done right away to relieve the situation. While it costs very much more to educate a child in one of the district schools than in the graded schools, yet these schools must be maintained, and we should spare no expense in the effort to conserve the health and morals of the children.

In a former report I referred to the need of an evening school in Derry for the benefit of our adult foreign population. My attention has been called to the matter again, and I am convinced that much good may be done by providing an opportunity for the adult foreigner to gain some knowledge of the English language, even if it has to be done by a scheme that shall be largely self-supporting. What can be done in this direction may not make the foreign-born citizen a more efficient wage earner, but it may tend to make him a better citizen.

I am glad to report that through the activity of the Derry Parent-Teacher Association free dental inspection is to be provided. In this connection, I would suggest that in the event that medical inspection be not adopted at the next annual meeting a system of testing the eyes and ears of all the pupils be at once installed. This can be done by the regular teachers. If medical inspection is adopted, this matter will be provided for.

The following table of statistics for a number of years may be convenient for comparison. The figures given under 1916 are for the Fall term of the present school year, and will be somewhat different for the entire year.

	'12	'13	'14	'15	'16
Total enrollment	763	787	748	810	823

Av. membership	642	644	677	721.1	768.92
Av. attendance	601	600	634	676.2	741.74
Per cent of attendance	93.5	93.5	93.6	93.77	96.46
Av. cost of teaching	$12.95	13.92	14.00	14.18	14.12
Av. cost of books and supplies	1.48	0.60	0.76	1.00	1.05

The general work of the schools has been in a large degree satisfactory. A new course of study is soon to be sent out by the State Department, and it is hoped that this will be an inspiration to more efficient endeavor, and so bring about even more successful results. I wish to express my appreciation of the work being done by the Art Committee of the Derry Woman's Club under the leadership of Mrs. MacMurphy. Some exceedingly helpful instruction in Art has been given in the upper grades.

The financial accounts are given in a form suggested by the State Tax Commission. The temporary loans are included and consequently both the receipts and payments are increased by just so much. Usually the temporary loans have been omitted as not properly belonging in the school payments.

In conclusion, I wish to thank the members of the Board for hearty support, the parents and pupils for cooperation and many evidences of good will, and the teachers for their splendid loyalty and faithful endeavor.

Respectfully submitted,

CHARLES W. CUTTS,

Superintendent.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District in the Town of Derry, Special District No. 2, qualified to vote in district affairs.

You are hereby notified to meet at the School House in said district on the eighteenth day of March 1916 at 2.30 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors,Committees, or officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents,Auditors and Committees in relation any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of Schools, including Superintendent's salary, supplies, High School tuition, interest on debt, premiums for fire insurance policy, which expires Aug. 5, 1916, in addition to the amount required by law.

8. To see if the district will authorize the School Board to borrow money in anticipation of taxes.

9. To see what sum of money the District will raise and appropriate towards paying the debt incurred by installing the new heating system.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry, Special District No. 2: this fourth day of March 1916.,

SUSAN BILLINGS RANNEY,
FRED E. STEVENS,
ICONA PITMAN EMERY,
} School Board.

A true copy of warrant—Attest:

SUSAN BILLINGS RANNEY,
FRED E. STEVENS,
ICONA PITMAN EMERY,
} School Board.

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Special District No. 2

I herewith submit my annual report on the progress and condition of the schools,

One year ago Miss Whipple, the principal of the Grammar room, resigned to take up other work. Miss Alice B. Ide was secured to succeed Miss Whipple, and has proved an excellent teacher.

The year was completed in June with the graduation of a small class from the Eighth grade, the members of which all entered the Academy. The school reopened in September with somewhat larger registration in both rooms, and the number in the Grammar room has increased since because of families moving into the Village. It has been necessary to put in additional desks in the Grammar room, and the Primary room is practically full. The schools are now larger than ever before, and for this reason it became necessary early in the present school year to refuse to admit any tuition pupils.

The work for the year is being very satisfactorily done Excellent progress is beihg made. A splendid spirit prevails.

There is every indication of a most successful school year.

The following facts were reported to the State Department for the year ending in June:

Total enrollment, 57; average membership, 50.56; average attendance, 47.67; per cent of attendance, 94.28.

The corresponding facts for the Fall term of the present year are: Total enrollment, 68, average membership, 67.05; average attendance, 63.33; per cent of attendance, 94.45· Thirteen were reported as not absent or tardy for that term. For the year ending in June three were on the Roll of Honor namely, Elmer Dewing, Reta Gilman, Roland Ranney.

In conclusion, I wish to thank the School Board for fullest cooperation in all matters pertaining to the schools.

Respectfully submitted,

CHARLES W. CUTTS, Supt.

E. P. TROWBRIDGE, Prop.
Derry, N. H.
1917

OFFICERS OF THE TOWN OF DERRY.

Selectmen—Ernest L. Abbott, Chairman, Albert B. Roberts, James F. Coburn.

Town Clerk—Henry T. Wheeler.

Treasurer—Charles Bartlett.

Tax Collector—John E. Webster.

Trustees of Trust Funds—Harry W. Wilson, William H. Ranney, Arthur Greenough.

Auditors—Herbert L. Grinnell, Jr., Frank M. MacGregor, Frank B. Oakes.

Moderator—Joseph B. Bartlett.

Supervisors of Check List—Hector E. Bidwell, Benjamin Low, Michael J. Cassidy.

TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L. S.]

You are hereby notified to meet at Adams Memorial Hall in said Town, on the second Tuesday of March next, at Ten O'Clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges, for the suppression of brown tail and gypsy moths, for the police department and municipal court for hydrant service and electric lights, for salaries of town officers, for the Board of Health, for the expenses of Adams Memorial Building, for the State and County Tax, and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, Depart, ment of New Hampshire, Grand Army of the Republic, to defray the expenses of Memorial Day.

4. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

5. To see if the Town will vote to raise and appropriate a sum of money for the improvement of highways in accordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

6. To see if the Town will vote to raise and appropriate a sum of money for maintenance of state aid roads and for maintenance of trunk line roads, and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate to carry out the provisions of Chapter 162 of the Laws of 1913 relating to Rockingham road, and pass any vote relating thereto.

8. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Derry Public Library and for the maintenance of said Library, and pass any vote relating thereto.

9. To see what sum of money the Town will vote to raise and appropriate for the purpose of books for the Taylor Library and for the maintenance of said Library, and pass any vote relating thereto.

10. To see if the Town will vote to raise and appropriate a sum of money to sprinkle and oil the streets and pass any vote relating thereto.

11. To see what sum of money the Town will vote to raise and appropriate for the purpose of repairing Broadway, and to pass any vote relating thereto.

12. To see if the Town will vote to authorize its Board of Selectmen to make a contract to have the street lights burning every night in the year from twenty minutes after sunset until twenty minutes before sunrise and pass any vote relating thereto.

13. Te see if the Town will vote to establish a hydrant at the head of Abbott street in said Town, and pass any vote relating thereto.

14. To see if the Town will vote to exempt from taxation for a period of ten years, or any part thereof, the capital em-

ployed by Hunt and Tapley in their shoe manufacturing business, and pass any vote relating thereto.

15. To see if the Town will vote to ratify the vote of March, 1915, discontinuing that part of the highway which runs from Beal's corner to Hampstead Street near Spollett's store or any part of said highway, the Boston & Maine having made the agreed improvements by relocating the West Hampstead station, aud pass any vote relating theteto.

16. To see if the Town will purchase surety bonds for all town officials required by law to furnish bonds, and to pass any vote relating thereto.

17. To see if the town will vote to authorize and instruct the Selectmen to release and quitclaim to Charles G. Parker, its right, title and interest in the real estate of the late Edward T. Parker.

18. To see what sum of money the Town will vote to raise and appropriate for a sinking fund for the payment of the town bonds and to pass any vote relating thereto.

19. To see if the Town will vote to get information from the judiciary,or some authority, whether, under Chapter 62 of the session laws of 1915, or under any other law, it can execute and carry out the objects of any of its trust funds through agents or officials,other than the three trustees required by said chapter, and to obtain any other information relating to said subject and said session law.

20. To see if the Town will vote to require the Boston & Maine Railroad to erect and maintain gates across South Avenue by the sides of said Railroad, or to station a flagman there, and to take any vote relating thereto.

21. To see if the Town will vote to discontinue the highway leading from the highway near the residence formerly of George W. Lane, deceased, southerly to the highway near the

residence formerly of Mary A. Pillsbury, deceased, at the junction of the said highway with the roads above referred to, and to pass any vote relating thereto.

Given under our hands and seal this twenty-fourth day of February, 1917.

ERNEST L. ABBOTT,
ALBERT B. ROBERTS,
JAMES F. COBURN,
Selectmen of Derry.

A true copy of Warrant—Attest:

ERNEST L. ABBOTT,
ALBERT B. ROBERTS,
JAMES F. COBURN,
Selectmen of Derry.

JOHN E. WEBSTER, Collector.

AUDITORS' REPORT.

Your auditors have put in over a week's time in going over the accounts of the Collector. We have gathered together quite a mass of figures but we do not feel that they are sufficiently accurate to be printed in the annual report. According to the books of the tax collector the uncollected taxes on Feb. 15 amounted to $30,188.49. In lieu of a more detailed report your auditors would at this time make several recommendations which in our opinion would improve the tax situation of the town.

We would recommend that the selectmen give the collector a list of the polls to be collected in the month of April instead of waiting until the property tax is committed to him in the middle of the summer.

To comply with the statute the property tax should be committed to the collector on or before June 30, and in making the appraisal the selectmen should take care to see that all requirements of the statutes are complied with.

It appears that poll taxes can only be collected successfully

by personal solicitation and we would recommend that so far as possible a demand be made for the payment of all poll taxes in April. If not paid on demand, payment should be enforced.

It has become customary for the Town to purchase practically all taxes sold by the collector. This condition should not prevail. Outsiders should buy these taxes and they would were all legal requirements more strictly complied with, particularly the requirement that the taxes be committed to the collector on or before June 30. After a sale of taxes has been made, there are further requirements in regard to notices which should be complied with. All mortgagees should be notified by the purchaser within 30 days after the sale. To enable the Town to do this, the list should be handed to the selectmen at once and they should notify all mortgagees within the 30 days otherwise the sale is void as to the mortgagees.

If it should be necessary for the Town to purchase any taxes a more careful record should be kept in order that the auditors can tell whether the same have ever been paid, to whom they were paid and the amount collected. The selectmen alone should be responsible for these taxes. If they are not paid within two years the selectmen should demand a deed from the collector.

Several large taxpayers have formed the habit of letting their taxes run for several years and then compromising with the Town by paying merely the face of the tax. All property taxes are collectible together with interest and costs. The proper way to handle such cases would be to sell the tax and the purchaser should demand a deed at the expiration of two years. Or the selectmen may authorize suit brought on any tax-

Abatements should be made by the selectmen only after careful consideration of each case, and when it has been decided to abate any taxes, an abatement list should be handed to

the collector rather than to give him an order on the treasurer for the amount abated.

The selectmen should call for the collector's books monthly and together with the treaserer should check up the same.

The collector in remitting to the treasurer should indicate what years taxes are included in the remittance and the amouut of each and at the end of each month he should hand to the treasurer and selectmen an itemized list of all collections for the month.

The selectmen should not draw an order on the treasurer for taxes sold to the town and for taxes abated, to do this makes the cash collections appear larger than they really are.

Finally we recommend that the town auditors make a careful audit of the books of the collector after the March meeting when there is more time to make a careful examination. All worthlesss and uncollectible taxes should be abated, and the balance should be collected, and in this balance we would include the large amount sold to the Town. In fact we would recommend the greatest tax clean up the Town has ever known.

F. B. OAKES,

FIREWARDS' REPORT.

DERRY FIRE DISTRICT.

From April 1, 1916 to February 15, 1917.

Your board of firewards submit herewith to the voters of the Derry fire district the following report for the year ending February 15, 1917:

In accordance with votes passed at the last annual election your board of firewards have transacted the business of the district as in their judgement seemed to be for the best interests of the community.

In the first place we purchased a high power car and made the same over into a tractor for the hook & ladder truck, and we think we are safe in saying there is none better in existence for the money expended. The roof of the tower has been repaired as per your vote. Your board have tried in every way to make the fire-fighting force and equipment the standard of efficiency and strength.

We hereby beg leave to thank the business men of the town for the encouragement we have received from them.

We have had during the past year 73 calls as follows: 17 bell alarms, of this number seven were for chimney fires; 41 still alarms for chimney fires, of this number 15 were handled with small garden hose alone, the rest required chemicals also; eight still alarms for small blazes in woodboxes, partitions, and oil stoves, all handled by the use of the chemical on the big truck; three still alarms for brush, where chemicals and garden hose were all that was necessary; four calls out ot the district as follows; John Condon, Londonderry; Tewksbury

Crossing; the Clark place of the H. P. Hood & Sons, and the H. P. Hood & Sons' haystack fire.

The two principal fires of the district were the Taintor stable, with an estimated value on property of $34,000, insurance on same $9,500, and the Lafayette block, $6,000, damaged $1,394; total property involved by fire, $40,000, total damage $1,880.

We desire to thank the men for their ready response at all times.

Respectfully submitted,

W. F. CHASE,
E. P. TROWBRIDGE, } Firewards.
C. F. GILLISPIE.

LEWIS W. BLY, Treasurer.

This certifies that I have examined the accounts of Lewis W. Bly, Treasurer of the Derry Fire District and find them correctly cast and with proper vouchers, and the above amount of cash on hand to balance.

F. M. STEARNS, Auditor.

Derry, N. H., Feb. 26, 1917.

REPORT OF BOARD OF HEALTH.

Most of the cesspools have been cared for when needed as Mr. Wells has a standing order to look out for them and tries to do so, and there has been very few complaints as most owners are anxious and willing to keep their property in sanitary condition.

There were 40 cases of scarlet fever, 14 of measles and three of diphtheria and quite a number of whooping cough, this last was not reported to any extent so the exact number is not known. All must remember whooping cough MUST be reported as well as any other disease and the same penalty is applicable for not doing so.

A new ruling by the State Board is that hereafter any assistance to a quarantined family must come through the family applying direct to the Selectmen, not through the Health Officer.

The largest part of expense of the office of Board of Health has been in the assistance rendered to quarantined families.

From now on under proper precautions the bread winner of the family is to be allowed to continue in his daily occupation and still live at home, thereby being put to no extra expense, will not be entitled to assistance on account of quarantine. These are the latest instructions from the State Board.

Respectfully,
WALTER R. SANDERS, M. D.
Health Officer.

DERRY WATER WORKS.

Board of Commissioners.

WILLIAM T. MORSE, term expires January 1, 1918.
WILLIAM NELLER, term expires January 1, 1919.
MICHAEL J. CASSIDY, term expires January 1, 1920.

OFFICERS.

WILLIAM NELLER	-	Chairman
WILLIAM T. MORSE	-	Clerk of the Board
CHARLES BARTLETT	-	Treasurer
G. H. BEAN	-	Superintendent

The work of the year 1916 was very satisfactory so far as results appear. Notwithstanding the increased cost of coal, and of materials needed in the general and special work of the system, we think a very good financial showing is made. The expenses at the pumping station, for repairs and additions, were very small during the year, but considerable time and expense has been required in making repairs and additions to the pipe system. The report submitted by the Superintendent thoroughly covers every detail of the plant's condition, resources and expenditures.

WILLIAM NELLER,
WILLIAM T. MORSE, } Commissioners.
MICHAEL J. CASSIDY,

To the Board of Water Commissioners:

I herewith submit the annual report of the Superintendent for the year ending December 31, 1916.

As soon as Spring opened, work was started on an extension on Pinkerton St., 1160 ft. of six inch cast iron pipe was laid and a hydrant placed near the Bradford farm.

The two dead ends, one on Park avenue and the other on Oak St., have been connected along Grove St. with 360 ft. of four inch cast iron pipe.

On Wyman St. 950 ft. of one and a half inch pipe has been relaid with six inch pipe and a hydrant placed at the corner of Wyman St. and Hillside Ave.

The old hydrant at the corner of East Broadway and Mt. Washington St., has been replaced with a new Corey steamer hydrant.

Twenty-five new service pipes have been laid and seven old ones relaid with cement lined pipe.

No repairs of any importance have been made at the pumping station this year.

Besides furnishing men and supplies for the steam roller and sprayer as has been our custom, we have done considerable work on the sewer.

We have paid all running expenses: $2,897.06 for extensions; $4,690.00 interest on bonds; and have a balance of $3,213.49.

STATISTICS.

Number of services January 1, 1916, 824.
Number added during year, 25.
Total number, 849, of which 528 are metered.
Number of meters added during year, 61.
Number of hydrants added during year, 2, total, 68.
Total number of gallons of water pumped, 68,133,279.
Average number of gallons pumped per day, 186,157.
Largest amount pumped in one day, July 12, 266,224 gal.
Least amount pumped in one day, July 16, 122,445 gal.
Largest amount of coal used in one day, Oct. 31, 1650 lbs.
Least amount of coal used in one day, July 16, 750 lbs.

Number of tons coal used in 1916, including banking, 208.
Average number of gallons pumped per pound of coal, 167.
Average number of pounds of coal used per day for pumping only 1111.

DERRY PUBLIC LIBRARY

REPORT OF THE TRUSTEES OF THE DERRY PUBLIC LIBRARY.

The record of the work of the library for the past year is quite fully given in the report of the librarian which is herewith presented. A circulation of nearly 40,00 with less than 6,000 books and at so small expense of administration is we believe, without a parallel in the state.

Our circulation, with that of the Taylor library, shows that the inhabitants of Derry are a reading people to an extent probably not exceeded by those of any other town or city.

Especial attention is called to the "school work" of the library. Almost daily the librarian is consulted by pupils not only of the elementary schools but also of the Academy for assistance in securing information to be found in books of reference, magazine articles, etc., that will be helpful in the preparation of papers on various subjects assigned by the teachers.

Realizing that scholars in outlying districts not having so convenient access to the library as those in this village and believing that so far as possible all should share in its privileges the librarian, as seen by her report, has arranged to furnish several of the schools with a carefully selected assortment of books each term, their distribution to be in charge of the teachers, that this is appreciated is evident from the large number of books read by the scholars. Transportation has been kindly furnished by Superintendent Cutts, who with members of the school board and the teachers have expressed themselves as in favor of the plan.

The teachers are also given special cards entitling them to the use of such books as may be helpful in their work to be kept longer than the usual time. Thus the library may be said to be practically a part of our public school system and is rendering an important service in the educational work of the town. An invitation is extended to all our towns people to visit the library and learn more in detail the various features connected with its work.

J. H. Nichols,
D. J. Dunn,
C. H. Clement,
Nella F. Callahan,
Harriett D. Low, } Trustees.

J. H. Nichols, Chairman.
Harriett D. Low, Secretary and Treasurer.

REPORT OF LIBRARIAN.

To the Trustees of the Derry Public Library:

I present the twelfth annual report for the year ending Jan. 31, 1917.

The library and reading room have been open every afternoon and evening with the exception of Sundays and holidays, the same hours as last year.

CIRCULATION.

Our circulation has been larger than any previous year, being 39,514 an increase of 4,924 over last year. I believe there is not another library in the state which can report so large a circulation with so few books or as small a working force.

ACCESSIONS.

We have not been able to add so many new books as of late years. The price of books as well as most commodities has risen and more money will be required to purchase even as many as we have formerly. Those purchased however we

have endeavored to have of the best. On our non-fiction shelves can be found material on most subjects in which our towns people are interested and our fiction lists contain the best of the new books. We endeavor to supply books for all classes and suggestions from patrons are always welcome. Reading lists of various subjects have been placed in the library and the weekly papers Our bulletin boards have been kept filled with the picture covers of the new books and the semi annual lists have been printed as usual for free distribution.

CARE OF BOOKS.

Mrs. Howe the assistant has had nearly the whole care of repairing books and has done excellent work. There have been 3,814 repaired an increase of 1028 over last year. Only two volumes have been sent away for rebinding. The backs and titles of our books are kept legible by cleaning, relettering and varnishing that our shelves may present a neat and attractive appearance.

SCHOOL WORK.

Work with the outlying schools was begun last spring by sending boxes containing 25 to 30 books into three of the largest district schools. These were kept during one term another selection being sent upon their return. There have been 148 books sent out in this way. These have been loaned by the teachers 645 times. Thus the scholars of the district schools are receiving the benefits of the library and the many times the books are read is an evidence of their appreciation and sufficient warrant for the continuance of this work.

PICTURE COLLECTION.

The pictures which have been saved for several years from various sources have been partially classified and the best of them mounted. We have now 160 mounted pictures

ready for circulation and a few requests for pictures has been supplied. As our collection is enlarged its usefulness will increase and I expect the coming year the pictures will be loaned more extensively. The school teachers especially will find them useful in their work. Gifts of old illustrated magazines and any pictures of educational value for this collection would be appreciated. A bird chart was purchased in the spring which received considerable attention, being especially popular with the children. This can be had the coming year by teachers for the class room.

GIFTS.

Several gifts of books and magazine subscriptions have been received beside those noted elsewhere. Rev. W. P. Fisher has presented the library with several years of National Geographic Magazines which will soon be bound and ready for circulation.

I submit the following statistics :

ACCESSIONS.

TAYLOR LIBRARY

REPORT OF THE TRUSTEES.

During the past year new books have been added to the library from time to time, books which we believe are of merit and such as the patrons of the place appreciate. The supply of magazines has also been kept up and additions made as the demand seemed to require. The old library has a warm place in the hearts of its patrons and all remember with grate ful feelings the generous donors who made it possible for such a worthy institution to exist for the pleasure and profit of the citizens of the town. Though considerably cramped for room and located in the second story of a hall, very satisfactory work is being done by the trustees and librarian it is believed. A new building for the library would be appreciated.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE

To the inhabitants of the School district in the town of Derry qualified to vote in district affairs:

You are hereby notified to meet at the Adams Memorial Building in said district on the Tenth day of March 1917, at two o'clock in the afternoon, to act upon the following subjects :

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen, and pass any vote relating thereto

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of schools, for the payment of interest, for salaries of SchoolBoard and other district officers, and for the payment of School district bond becoming due in August 1917.

8. To see if the district will authorize the School Board to borrow money on temporary notes of the district to pay

debts of the district as provided by P. S. Chapter 89, Sec. 3, as amended by Ch. 55, Laws of 1913, and pass any vote relating thereto.

9. To see if the district will vote to adopt the provistions of Chapter 83, laws of 1913, relating to medical inspection, and to pass any vote relating thereto.

Given under our hands at said Derry this Twenty-third day of February 1917.

EDWIN B. WESTON' } School

REPORT OF SCHOOL BOARD.

The School Board herewith submits its report for the year ending February 15, 1917, together with a detailed financial statement.

In accordance with the vote of the District, immediately following the last annual meeting we employed Mr. George G. Adams of Lawrence to furnish plans for an eight room school building. We had difficulty in selecting a suitable lot. A school building must be located where it will be of most advantage to the community. Owing to the discontinuance of the school in District No. 9, those pupils who naturally would have attended that school were obliged to walk quite a distance to the Oak St. school. There has long been an urgent need for better school accommodations for the children living on Fordway, Brook St. and Highland Avenue and adjoining sections. Our new building will admirably meet this need For the present, probably, only the primary grades will be accommodated in the new school but gradually as the need arises higher grades will be opened up.

The contract for building the new school building was let to C. A. Martin of Londonderry for the sum of $17325, he being the lowest bidder. The heating and ventilating contract was awarded to L. M. Packer of this Town for $3,398, the plumbing contract was given to E. R. Belanger for $1075, and the contract for the desks and chairs was awarded to the Steele Furniture Company for $1115, which sum includes the installation of same.

In selecting a name for the school it seemed fitting to your board to do honor to Derry's only Governor of New Hampshire, Charles M. Floyd. Mr. Floyd highly appreciated the honor conferred on him and has expressed his appreciation by presenting the district with all the interior furnish-

ing for the building at an expense of $400. This unexpected gift has been highly gratifying to your board.

We were fortunate in placing the bonds of the school district at 101.50 and secured quite a substantial bonus thereby. These bonds bear inrerest at the rate of 4 per cent and the first bond of $1000, matures August 1, 1917, and one bond each year thereafter, alternating $1000 and $1500.

The financial condition of the district is excellent. There is no debt other than this issue of bonds. Our report shows a cash balance of $2281,76 on hand. Of this amount, the sum of $1250 is the balance of the appropriation of $1750 for interest and sinking fund for bonds. This amount will be applied in payment of the bond due August 1, and the balance on interest charges.

The balance left on hand from the bond issue will nearly, if not wholly, complete the erection and furnishing of the new building.

During the past year quite extensive repairs have been made at District No. 6. The sanitary conditions in this school are thereby much improved. Similar changes should be made in at least one district school each year. The sanitary conditions in District No. 3 are bad and should be corrected this summer.

The following is an estimate of the amount required to meet the statutory obligations, and this report is a notice to the selectmen as required by law:

High School Tuition . .	$2200 00
Books and Supplies . .	800 00
Flags and appurtenances .	25 00

W. J. KINGSBURY,

Feb. 27, 1917.

SUPERINTENDENT'S REPORT

To the Board of Education of the Derry Town School District:

I herewith submit my annnal report on the condition and progress of the schools.

The schools continued from the time of the last report until the close of the schools in June with but little interruption. Fifty-three were graduated in June. Thirty-seven of these were from the Oak St. school, and the remaining 16 were from the various rural schools.

The schools re-opened September 8 with several changes in the teaching force. George W. Robie, who had been the successful Principal of the West Side school for a number of years, declined a re-election, and Miss E. Bertha Clarke was made Principal of the school. Miss Adelle Rand, a graduate of Keene Normal school, was chosen to fill the vacancy in the 6th grade in the Oak St. school caused by the promotion of Miss Clarke. Miss Ranney, who had substituted the latter part of last year, was retained as a regular teacher of the new 2nd grade. Miss Tebbetts, who had substituted in the 7th grade the term ending in June, was retained as it was necessary to have two 7th grades. Miss McGrail was transferred from District No. 4 to a 1st grade in the Court room. Miss Annie G. Murray, a graduate of Lowell Normal school, was selected for the school in District No. 4, and Miss Mary V. Reardon, a graduate of Salem Normal school, succeeded Miss Pressey at No. 7, the latter having left to enter Keene Normal school. As was indicated in the report last year several new classes were needed, and teachers were thus provided for them.

It was expected that the new building would be ready for use early in the year, so temporary arrangements were

made to accommodate the extra classes as follows: The Court room was again used for a 1st grade. The first-grade rooms in both the Oak St. and West Side schools and the 2nd grade room at the Oak St. building were given double use; that is, each of these rooms was occupied by one class from 9 to 12 in the forenoon, and by another class from 1 to 4 in the afternoon. The six classes occupying these rooms in this way have had shorter days than usual, but the work has been so arranged and administered that they have progressed quite as rapidly as in former years, and it may be best to continue the arrangement through the rest of the year.

The new building, after much delay, is nearing completion. This building will afford ample room for the probable increase for a number of years. It will also afford opportunity for developing new lines of work, such as manual training, or Mechanic and Domestic Arts. These subjects must be introduced into our schools if the schools are to serve adequately the needs of the community. I will quote from my report last year: "Not only ean practical knowledge and skill be acquired by the use of these subjects, but with many pupils they serve general educational ends better than the ordinary subjects to which we devote so much time." Moreover, they are required by our new State Program of Studies.

Another very important need can be met at least as far as room is concerned. That need is a special room for those who for any reason may need special help. These may be those who are behind their grade or those who are exceptionally good scholars and who by a little assistance can be advanced. A study of the retardation in our schools in September revealed the fact that scattered through the 19 classes in the Oak St. and West Side schools were 69 children who were three years or more behind grade. This is a deplorable condition, and cannot be remedied by any one device. Special rooms and manual work will do much, however to improve this condition.

I feel that in justice to the teachers I should again recommend an increase of salaries. On account of the great increase in the cost of living their salaries are not sufficient to pay the necessary living expenses for the year. They must have additioual earnings or income in order to live reasonably. I feel, too, that something should be done to aid our teachers professionally. Many of them have been out of the Normal School or training school some tme. Few can afford at their present salaries to go to summer school. Two ways of giving this aid may be suggested: 1st, by giving a bonus, sayof $25, to each teacher who spends a specified time at an approved summer school, or 2nd, by requiring all the teachers to report one week before the schools begin in September for a week of instruction in methods, pedagogy, etc., the teachers to be given full pay during that week. I believe the latter method is perfectly feasible, and could be made to yield large results for the expenditure involved.

The new Program of Studies issued last year by the State Department is in line with the best and most progressive ideas on the subject. It is in some ways quite a radical change from the course previously used, in that it provides for the elementary work to be done in the first six years, the 7th, and 8th, years being given to Junior High school work. This is the ideal arrangement, but on account of the fact that we have so many widely scattered schools where it would be impossible to do the work of the Junior High school, and also on account of our peculiar relation to the Academy for secondary work, it seems to be impossible for us to undertake at present the Junior High school work. This condition was anticipated by the Department and an optional course was offered for the 7th and 8th grades. Under the conditions peculiar to our situation, it is probably best that we continue for the present the eight-grade elementary course as outlined by the new Program.

At the urgent request of Principal Poor of the Academy,

I have endeavored recently to visit the classes of the Academy with some degree of regularity. The Academy is essentially a part of our school system, and while there has always been close and sympathetic co-operation between the Academy authorities and the school authorities, it may be well to consider the advisibility of establishing some official relation between the superintendent and the school.

I would urge again the advisibility of an evening school for the benefit of our adult foreign born population. These people are exceedingly anxious to acquire mastery of the English language, and it is very desirable that they should. This would make for better citizenship and more sympathetic attitude towards our American institutions generally.

Through the activity of the Parent-Teacher Association, nurse inspection was attempted for a short time. Lack of funds prevented a sufficiently long trial to fully demonstrate its usefulness. I am convinced, however, that nurse inspection is very much needed, and would accomplish a very great amount of good in the school and in the community. For Derry this may be better and more economical than medical inspection as provided by the Medical Inspection act.

In an effort to teach our children thrift, a school savings bank has been started. This will involve some little work for the teachers, but if we can teach the boys and girls to save their pennies rather than spend them for useless and even harmful things and amusements, much good will be accomplished. It is not so much what one earns, but rather how he spends his earnings that determines his future financial condition.

Much needed improvements at District No. 6 have been made. The shed has been completely changed and proper toilet arrangements have been provided. Similar improvements should be made at other schools, particularly at No. 3.

The following table of statistics may be of interest.

	'13	'14	15	'16
Total enrollment	787	748	810	850
Av. membership	744	677	721.1	723.91
Av. attendance	600	634	676.2	690.93
Per cent of attendance	93.2	93.2	93.5	95.44
Av. cost of teaching	$13.92	$14.00	$14.18	$15.00
Av. cost of books and supplies	0.60	0.76	1.00	1.11

The general work of the schools is very satisfactory. It will take some little time to adjust ourselves to the new course of study. It is already proving helpful, however. Excellent spirit prevails, and the co-operation of the home is good. We may properly expect the very best results from the year's work.

In conclusion, I wish to thank the members of the Board for their generous co-operation, and the teachers, pupils and parents for their helpfulness in matters pertaining to the well-being of the schools.

Respectfully submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

W. J. KINGSBURY, } Auditors.

SCHOOL WARRANT.

STATE OF NEW HAMPSHIRE

To the inhabitants of the School district in the town of Derry, Special District No. 2, qualified to vote in district affairs:

You are hereby notified to meet at the School House in said district on the Seventeenth day of March 1917, at 2:30 o'clock in the afternoon, to act upon the following subjects :

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen, and pass any vote relating thereto

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of schools, including Superintendent's salary, supplies, High school tuition, in addition to the amount required by law.

8. To see if the district will authorize the School Board to borrow money in anticipation of taxes.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry, Special District No. 2, this Twenty-seventh day of February 1917.

FRED E. STEVENS, } School

EDWARD L. GILMAN.

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Special District No. 2:

I beg to submit the following report for the year ending February 15, 1917.

Early in the Spring term, Miss Ide, who had given excellent service for a year as principal and teacher of the Grammar room, was obliged to relinquish the position because of sickness. Mrs. Swett finished the year very satisfactorily. A class of seven was graduated in June.

The schools opened Sept. 8 with Mrs. Mabel F. Brown as principal. At the end of the Fall term, Mrs. Brown resigned and Mrs. Julia M. Muzzey, a teacher of much experience, is now acting principal. It may be possible to retain her at least through the year. These frequent changes of teachers is unfortunate. They tend to interrupt the continuity of the work and make difficult the maintenance of high standards. We have been fortunate, however, in having good experienced teachers all the time. Hence the losses caused by the frequent changes have been minimized. We have been fortunate also in retaining the same excellent teacher in the primary room for a succession of years.

The school is generally fortunate in its composition and environments. It may be desirable to have less grades in a room, but with the number of pupils that we have, the present arrangement of four grades in a room is good, better in some ways than large single grade rooms. The Academy has given the community a school atmosphere, which has a helpful influence even on the children in the lower grades.

The expenditure for books and supplies for the year has been exceedingly small. Some new books will be needed during the next year.

The work for the year has been quite satisfactory. Good progress is being made, and the present indications are that school year will be completed with excellent results to the credit of the schools.

The following facts were reported to the State Department for the year ending in June:

Total enrollment, 80; average membership, 67.79; average attendance, 62.51; per cent of attendance, 92.21. The per cent of attendance was 2 per cent less than the year before, and much lower than it should be.

The censns of the school children in September shows 81 between the ages of 5 and 16. Of these 3 between 5 and 8 were not in school and two between 14 and 16 were not in school; 15 were in the Academy and 61 in the public school.

For the year ending in June, four were on the roll of perfect attendance:

John Feinauer	Herbert Dearing
Reta Gilman	Minnie Stevens

In conclusion, I wish to thank the members of the Board for their generous co-operation in all that pertains to the well being of the schools.

Respectfully Submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

TONW WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, SS.

[L.S.]

To the inhabitants of the Town of Derry, qualified to vote in Town Affairs:

You are hereby notified to meet at the Adams Memorial Hall in said Town, on the second Tuesday of March next, at Ten o'clock in the forenoon, to act upon the following subjects:—

1. To choose all necessary Town Officials for the year ensuing.

2. To elect four delegates to the Convention to revise the Constitution of New Hampshire to be held at Concord, beginning June 5, 1918.

3. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges, for the suppression of brown tail and gypsy moths, for the police department and Municipal Court, for hydrant service and electric lights, for salaries and expenses of Town Officers, for the Board of Health, for the expenses of Adams Memorial Building and Town Hall, for the State and County Tax, and for any other necessary charges arising in said Town.

4. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post,

No. 45, G. A. R., to defray the expenses of Memorial Day.

5. To hear the report of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

6. To see if the Town will vote to raise and appropriate a sum of money for the improvement of highways in accordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

7. To see if the Town will vote to raise and appropriate a sum of money for Maintenance of State Aid Roads and Trunk Line Roads, and pass any vote relating thereto.

8. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Derry Public Library and the maintenance of said Library, and pass any vote relating thereto.

9. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Taylor Library and for the maintenance of said library, and pass any vote relating thereto.

10. To see if the town will vote to raise and appropriate a sum of money to sprinkle and oil the streets and pass any vote relating thereto.

11. To see of the Town will vote to authorize its Board of Selectmen to enter into a contract with the Derry Electric Company, or with any other person or company, to furnish street lighting for one or more years, and pass any vote relating thereto.

12. To see of the Town will vote to authorize its Board of Selectmen to borrow money in anticipation

of taxes on the negotiable notes of the Town, and pass any vote relating thereto.

13. To see of the Town will vote to authorize the Board of Selectmen to appoint one or more Liquor Agents in accordance with Sect. 6 of Chapter 147 of the Laws of 1917, and pass any vote relating thereto.

14. To see of the Town will vote to appoint a Building Inspector, prescribe his duties, and fix his compensation, and adopt regulations for the construction and maintenance of all buildings in the Town, and pass any vote relating thereto.

15. To see what sum of money the Town will vote to raise and appropriate for a sinking fund for the payment of the Town bonds and pass any vote relating thereto.

Given under our hands and seals this 23rd day of February, 1918.

ALBERT B. ROBERTS,
JAMES F. COBURN,
} Selectmen of Derry.

TAX COLLECTOR'S REPORT.

Derry, N. H., Feb. 14, 1918.

We have this day audited the books of Ernest L. Abbott, collector and find them as follows

Resident property tax committed	$77,830.31	
Additional property tax committed	34.20	
Non-resident property tax committed	2,451.27	
Polls committed, 1776	3,552.00	
Additional polls committed, 15	30 00	
Total commitment		$83,897.78
Collected in cash	$70,764.28	
Abated by Selectmen	201.22	
Total collections		$70,965.50
Uncollected taxes including both property and polls		$12,932.28

Interest collected, $76.14.

We find that all the above collections have been turned over to Charles Bartlett, treasurer. The number of polls collected, included in the above collections, was 1319. Of the remaining 457 polls uncollected it appears that a major portion are serving in the military forces of the United States. There are also approximately 75 polls who are taxed in with the property taxes. These will in all probability be paid at the time the property tax is paid..

FRANK N. YOUNG,
ARTHUR GREENOUGH, } Trustees.

FIREWARD'S REPORT.

DERRY FIRE DISTRICT.

Your board of firewards submit herewith to the voters of the Derry fire district the following report for the year ending Feb. 1, 1918:

During the past year the department has answered to 52 calls. Most of these were telephoned however and handled principally with hook and ladder truck. There were 12 bell alarms, 4 of these proved to be pretty hard fires. The total valuation of property involved being about $220,000, and the loss about $112,000.

We have installed the switchboard voted at the last meeting and the alarm system is working excellent. The engine house has had a new gravel roof and two coats of paint beside minor improvements, and considering the high cost of everything we believe we have done fairly well.

We extend our thanks to the business men and citizens generally for their hearty support and confidence. We also thank the members of the department who have stood the test and answered the calls so efficiently.

Respectfully submitted,
WILLIS F. CHASE,
EDMUND P. TROWBRIDGE,
CHARLES F. GILLISPIE,
Firewards.

F. M. STEARNS, Auditor.

Derry, N. H., Feb. 14, 1818.

REPORT OF BOARD OF HEALTH

There has been but little complaint of cesspools the past year as most of the owners have looked after them when needed. The Town has finally secured a good place for a town dump and if properly used will be suitable for a long time, as it can be burned over when necessary.

All persons are strictly forbidden to dump rubbish at any other place.

There have been 65 cases of measles, six of scarlet fever and 12 of diphtheria during the year.

Only three cases of tuberculosis have been reported which is considered a very small number for a Town of this size.

WALTER R. SANDERS,

Health Officer with the Board of Selectmen.

DERRY WATER WORKS

BOARD OF COMMISSIONERS.

WILLIAM NELLER, term expires January 1, 1919.

MICHAEL J. CASSIDY, term expires January 1, 1920.

WILLIAM T. MORSE, term expires January 1, 1921.

OFFICERS.

WILLIAM NELLER	-	CHAIRMAN
WILLIAM T. MORSE	-	CLERK OF THE BOARD
CHARLES BARTLETT	-	TREASURER
G. H. BEAN	-	SUPERINTENDENT

It is gratifying to report another year of successful operations. The high cost of coal and all materials, used about the water plant and its operations, has made a large drain upon the finances. Notwithstanding all this we are happy to report a good round sum upon the credit sheet. The unusually cold winter will also add largely to the running expenses, as the frost will be responsible for large repair bills. The detailed report of the superintendent fully covers the resources and the expenses of the past year.

WILLIAM NELLER,
MICHAEL J. CASSIDY, } Commissioners.
WILLIAM T. MORSE,

TO THE BOARD OF WATER COMMISSIONERS:

I herewith submit the annual report of the Superintendent for the year ending December 31, 1917.

With the exception of eleven new services, no new work has been done this year. Repairs that were necessary have been attended to; a new Corey hydrant replaces the old one at the corner of Pearl and Franklin St., four hundred feet of two inch pipe replaces the one and one fourth inch pipe on McAllister Ct., the four services on the Court were also relaid.

No repairs of any importance have been made at either the stand pipe or pumping station.

Two pieces of land adjoining the well fields have been bought for protection. This will prevent further building near the water supply.

At the office we have two new machines which are proving a great convenience, a Sundstrand adding machine and a Direx-All addressing machine.

We have done the customary work on the steam roller, tree sprayer and the sewer and also operated the stone crusher.

The first instalment, $13,000, of the N. W. Harris Co.'s $90,000 bonds came due July 1, 1917 and was paid by the maturing of $6,000 worth of bonds held by the Town for that purpose with accrued interest and $6,000 worth of our own bonds bought with earnings from the plant. This reduces the Harris bond to $77,000.

We have paid all running expenses; $1350.99 for extensions; $4462.50 interest on bonds; and have a balance of $6749.68, most of which is drawing interest.

STATISTICS

Nunber of services January 1, 1917, 849.
Number added during year, 11.
Total number, 860, of which 548 are metered.
Number of meters added during the year, 20.
Number of hydrants, 68.
Total number of gallons of water pumped, 63,957,125.

Average number of gallons pumped per day, 175,225.
Largest amount pumped in one day, Aug. 1, 309,184 gal.
Least amount pumped in one day, June 17, 109,991 gal.
Largest amount of coal used in one day, Dec. 31, 1725 lbs.
Least amount of coal used in one day, July 5, 750 lbs.
Number of tons coal used in 1917, including banking, 212.
Average number of gallons pumped per pound of coal, 154.
Average number of pounds of coal used per day for pumping only, 1136.

Trustees.

J. H. Nichols, Chairman.
Harriet D. Low, Secretary and Treasurer.

LIBRARIAN'S REPORT.

To the Trustees of the Derry Public Library:

The thirteenth annual report is here presented, for the year ending January 31, 1918.

The library and reading room have been open every day except Sundays and holidays from 2.30 to 5 o'clock and from 6 to 9 o'clock. On Saturdays continuously from 2.30 to 9 o'clock. Your librarian has also been on duty from 1 o'clock to the hour of opening each day.

Circulation.

The past year has been one of unrest throughout our country and as the people of Derry have had their share in all the activities relative to the war there has been less reading by many. It is the first time in the history of the library that there has been a decrease in circulation. This decrease is not large, however, only about one--third of the gain we made last year. Worthy of note is the fact that the decrease is wholly in the fiction class and a gain has been made in the number of non-fiction books loaned.

War Activities.

The library has had its share in new activities occasioned by the war. Through its medium literature pertaining to "War Gardens," was circulated, many government bulletins concerning food conservation have also been distributed. Books pertaining to the war have been given a prominent place and have been much used by your patrons. Posters of Red Cross work and Liberty Loans have been conspicuously displayed and others, which have given information as to how we may "help win the war."

When the drive for the War Library Fund was in progress, this library took an active part and the $257 which was raised in Derry was forwarded by your librarian to the State authorities. The hearty co-operation of the citizens. I believe, was in part a recognition ation o fthe citizens, I believe, was in part a recognition of the value of the library privileges which they and their children enjoy.

Accessions.

Our accessions are not as large as in former years, the price of books has largely increased and as no more money has been raised for this purpose the number of

books added must of necessity fall short of former years. Our patrons are constantly demanding new books and in many cases more than one copy of a popular book should be provided to supply the demand, but as this would curtail the purchase of other books it is done only occasionally and sometimes one has to wait a long time before getting a desired book. We try however, to serve as best we can and if the desired book is not obtainable another of equal merit usually can be had.

Care of Books.

Each time a book is returned to the library it is examined to see if in need of repair, and this is made before the book is allowed to go out again. But even with this close attention many o four books are wearing out and having to be discarded. Only a few of these are replaced as it seems best to put our available money into new books. With our circulation of nearly 38,000 the comparatively small number discarded readily shows the care taken.

School Loans.

Books have been sent each term to some of the larger rural schools. These are much appreciated by the children who cannot easily reach our library and are in some cases used by the families living near.

The teachers are granted extra cards for school use and many make regular use of this privilege.

The mounted pictures are slowly coming into use but at present so many subjects are inadequately represented that often the needs of the teachers cannot be supplied. I think it would be well, the coming year, to purchase a few pictures on those subjects most desired.

Library Meetings.

A neighborhood meeting was held by this library in September, and invitations were sent to all libraries in this vicinity. Fifteen guests were present representing nine libraries. Subjects pertaining to the work were discussed and an enjoyable afternoon spent.

Your librarian was invited to give a demonstration in mending before the Milford district, which she did last June.

The library was also represented at the New Hamp shire state meeting held in Manchester.

Gifts.

A number of gifts have been received of which a report is made elsewhere. Also we have received and forwarded a number of books and magazines for the soldiers and sailors.

I submit the following statistics:

ACCESSIONS.

By purchase	236	
By gift	26	
By binding magazines	34	
Replaced	14	
Books last reported	5697	
		6057
Loss through circulation	4

TAYLOR LIBRARY

REPORT OF TRUSTEES.

Affairs at the library have been conducted so far as possible for the convenience and accommodation of the public. New desirable books have been added from time to time, and the supply of the best magazines has been kept up and added to as seemed best. The conveniences of theTaylor library are appreciated by the public, it is believed, and the patronage is being well sustained. It is the object of the trustees and librarian to make this library worthy of the good intentions of its donors. When new books or magazines are desired by those who patronize the library, such fact should be made known to the trustees or to the librarian. Although the library room, and its location are not all that might be desired, the work is being done in the best possible manner.

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE.

To the inhabitants in the School District of the Town of Derry qualified to vote in district affairs:

You are hereby notified to meet at the Adams Memorial Building in said district on the Ninth day of March, 1918, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To hear the reports of Agents, Auditors, Committees or Officers heretofore chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

7. To see how much money the District will raise and appropriate for the support of schools, for the payment of interest, for salaries of School Board and other district officers, for repairs and grading of school grounds, and for the payment of School District bond becoming due in August, 1918.

8. To see if the District will vote to adopt the provisions of Chapter 83, laws of 1913, relating to medical inspection, and pass any vote relating thereto.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Derry this Twenty-first day of February, 1918.

REPORT OF SCHOOL BOARD

The School Board herewith submits a brief report for the year ending February 15, 1918.

As the fiscal year has been changed to end Aug. 31, 1918, no detailed financial report is made at this time. A complete report will be made next year for the period from Feb. 15, 1917, to Aug. 31, 1918. As the appropriations made at the last school meeting were intended to provide for the expenses of one year, there will be at the close of the fiscal year, August 31, a deficit, unless an appropriation is made at the next meeting in March to provide for the period from February 15 to August 31. The law evidently intends that the appropriations made at the March meeting be for the year from August 31, 1918, to August 31, 1919. There is need of a small apppropriation to complete the grading of the lot of the new Charles M. Floyd school. All other appropriations that will be asked for will be for current expenses and to meet the bond obligations of the District.

The following is an estimate of the amount required to meet the statutory obligations, and this report is a notice to the selectmen as required by law.

High School Tuition	$2400
Books and Supplies	800.00
Flags and appurtenances	25.00

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Town School District:

I beg to submit the following report on the work of the public schools for the past year.

The work continued from the time of the last report to the end of the year in June much as usual. It became necessary to make one change in the teaching force in the Spring. Miss Carlotta L. Damren was selected as teacher of the 7th grade room which had been for nearly a year in charge of Miss Tebbetts. Sixty-eight were graduated in June from the 8th grade, forty-four of whom were from the Oak St. 8th grade, and the remaining twenty-four were from the various district schools. On account of the industrial and economic conditions, a smaller proportion of these than usual entered the Academy.

When school opened in September, but few changes in the teaching force were made. It was necessary to have another 8th grade room, also another 3rd grade room. On the other hand it was possible to get along with four instead of five 1st grade rooms. Miss Christine Feinauer was selected for the new 8th grade, Miss M. Ethel Smith was transferred from first to third grade, and Miss Ethel Dudley was engaged to teach the first grade in place of Miss Gage, who resigned. In the district schools also the changes were few. Miss Murray at District 4 resigned and Miss Coult was transferred from District No. 8 to District No. 4, and Mrs. Augusta H. Pontius was engaged for District No. 8.

Since the beginning of the year, Miss Proctor has been given leave of absence for whatever time she might need, and Miss Goodwin, who has formerly done much good work in our schools, was put in charge of her room as substitute teacher.

The opening of the Charles M. Floyd school gave relief from the formerly crowded condition. It made necessary some readjustment. In the Floyd school six rooms are used, and the following grades are provided for there: two first grades, 2nd grade, a 3rd grade, a 7th grade, and an 8th grade. Miss Feinaeur, teacher of the 8th grade, is principal of the building. At the West Side school are the first six grades, while at the Oak St school are all the grades from the 1st to the 8th, inclusive.

On account of the business depression during the summer, some families moved away, and consequently the registration for this year is slightly less than that of last year. On the other hand the average attendance seems to be relatively better this year in spite of the extremely severe weather.

The last legislature changed the time of closing the financial accounts of school districts from Feb. 15 to Aug. 31, so the detailed statement of expenditures for the period from Feb. 15, 1917 to Aug. 31, 1918 will be published in next year's report. However, a summary of the receipts and expenditures to date, Feb. 15, 1918, is given this year.

While it is the evident intention of the law that the appropriation to be made at the annual meeting in March be for the year ending Aug. 31, 1919, it may be wise to distribute the burden of extra taxation, caused by changing the fiscal year, over two or more years.

About a year ago a school savings bank was put

in operation. On account of the detail of work involved, it has been thought best not to attempt to extend it to the outlying schools. This movement has afforded an excellent opportunity to teach thrift, and teachers and pupils have responded splendidly. After making some study of systems in use elsewhere, arrangements were made with the Derry Savings Bank for this work, the Bank supplying all necessary forms for carrying it on.

It may be of interest if a detailed account of the operation of the bank is given here. Every Tuesday morning the children deposit their money with the teacher of their room. Each depositor is given a pass book or card, and an identical record is kept by the teacher. A list of the depositors is made, and if any child's deposits amount to one dollar, his name is also put on the transfer list. The lists and the envelope containing the money are later collected by some one appointed to do this, the amount verified, and the envelope sealed. The lists and money are then sent at the close of school to the office of the superintendent. The money is deposited in the Derry National Bank, and checks are then drawn to be deposited to the credit of those whose names are on the transfer lists, and accounts are opened for them in the Derry Savings Bank. As often thereafter as a child gets a dollar on his school card, he is given a check to deposit on his bank account. In just a year, the total deposits have amounted to $1251.68, and of this amount $1107.00 have been transferred to more than three hundred individual savings bank accounts.

Many are saving regularly, and if this is continued, the habit will become fixed. I feel that this is among the important things that we are doing. The

sale of Thrift stamps and War Saving stamps gives an opportunity during this year to do much the same work in all the schools, and we are trying to make the most of the opportunity.

The unusual demands upon the schools caused by the war must be met, but without seriously disturbing the fundamental work of the school. Last year the children quite generally had gardens, and this did not interfere with their work in school. This year the food situation is much more acute and it is desired that the children do very much more garden work. This will appeal to them, as to the teachers, as an economic need and as a patriotic duty. To do this it is not necessary for us to teach less, but rather make a better use of our time that there may be opportunity to do the work demanded by the present crisis. It is hoped that the parents will encourage the children in this work, and give them whatever help they may need during the Spring and Summer.

Last year I pointed out the fact that there was need of special rooms on account of the large amount of retardation in our schools. That need still exists. In September there were 53 in our three large buildings three years or more behind grade. These people need individual attention, and this can be given only in a limited way by the regular teachers. The special rooms would lessen, but not remove all of the retardation. I have from time to time urged three things, all of which are much needed. They are special rooms, practical arts work in the grades, and evening schools for the benefit of the adult foreign population. These should be provided for as soon as and as rapidly as the resources of the school department will warrant.

During the past year much needed repairs were

made at the school building in district No. 3. At other schools only immediately necessary repairs were made. I believe we should continue the plan of putting one building each year in thoroughly good condition. The Oak St., building should be painted if possible the coming season

The following table of statistics for four years is given for comparison and should be of interest:

	'14	'15	'16	'17
Total enrollment	748	810	850	882
Av. membership	677	721.1	723.91	759.56
Av. attendance	634	676.2	690.93	718.97
P. C. of attendance	93.2	93.5	95.44	94.65
Av. cost of teaching	$14.00	$14.18	$15.00	$16.33
Av. cost books and sup.	76	1.00	1.11	.86

The year's work has been going along very satisfactorily. The severe weather of the Winter has caused some interruptions, but in spite of these the work has progressed on the whole well. This is due in some measure to the fact that there have been no changes in the teaching force. The general health of the pupils has been good, and the spirit towards the school and work has been excellent.

In conclusion, I wish to thank the Board for generous support and hearty co-operation, also the teachers, pupils and parents for a spirit of helpfulness in all that pertains to the welfare of the schools.

Respectfully submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

SUPERINTENDENT'S REPORT.

SUPERINTENDENT'S REPORT.

To the Board of Education of Derry Special District No. 2:

I herewith submit my annual report as Superintendent of schools.

The work of the Grammar room was more or less interrupted last year by frequent changes of teacher. This was unfortunate, and caused quite a little interference with the usual good work of the room. At the beginning of the Spring term, Miss Esther Lewis was secured as teacher, and since then the work has steadily improved. I feel that the school now is in good hands, and is doing consistent work. The primary room has made its usually good progress under the direction of Miss Howe.

The registration is somewhat smaller than usual on account of the fact that several families with children have moved away from the Village and few such families have come to us in the meanwhile.

The work of the several classes is, in the main,, along the lines pursued for several years, although our new State Program of Studies calls for some innovations. While we wish as far as possible to carry out the spirit, at least of the State Program, it seems best in our peculiar situation to be somewhat conservative. We wish always to adapt our program and our work to the best interests of the children.

The fiscal year has been changed to end August 31 instead of February 15. Consequently the detailed financial report for the period from February 15, 1917

to August 31, 1918 should be published next year. It is well to remember that the law evidently intends that the appropriations to be made at the meeting in March be for the period ending August, 31, 1919.

The food situation is acute, and it is desired that every child as far as possible cultivate as large a garden as he may be able to care for. Assistance and instruction will be given through the schools, and it is hoped that parents will encourage the children in this work and aid them ,if necessary, during the Spring and Summer.

The following facts were reported to the State Department for the year ending in June:

Total enrollment	70
Average membership	58.79
Average attendance	54.44
Per cent. of attendance	92.60

The per cent, of attendance is altogether too low. This is partly attributable to the severe Winter weather. It should have been much better.

The census of the school children in September, shows 68 between the ages of 5 and 16. Of these two between 5 and 8 are not in school and one between 8 and 14 is not in school. Eleven were in the Academy and 54 in the public schools.

For the year ending in June, the following were on the roll of perfect attendance::

Herbert Dearing
Elmer Dewing
Reta Gilman

In conclusion I wish to thank the Board and all interested in the schools, for co-operation and encouragement.

Respectfully submitted,
CHARLES W. CUTTS.
Superintendent of Schools.

TOWN WARRANT.

To the Inhabitants of the Town of Derry, qualified to vote in Town Affairs:

You are hereby instructed to meet at the Adams Memorial Building in said Town on the second Tuesday of March next, at ten o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary Town officials for the year ensuing.

2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges, for the suppression of brown tail and gypsy moths, for the police department and municipal court, for hydrant service and electric lights, for salaries of Town officers, for the Board of Health, for the expenses of the Adams Memorial Building and Town Hall, for State and County Tax, and for other necessary charges arising in said Town.

3. To see what sum of money the Town will vote to raise and appropriate for the use of Upton Post, No. 45, G. A. R., to defray the expenses of Memorial Day.

4. To hear the reports of agents, auditors and committees heretofore chosen and pass any vote relating thereto.

5. To see if the Town will vote to raise and appropriate a sum of money for the improvement of highways in accordance with the provisions of Sec. 4, of Chapter 35 of the Laws of 1905, and pass any vote relating thereto.

6. To see if the Town will vote to raise and appropriate a sum of money for the maintenance of trunk line roads, and pass any vote relating thereto.

7. To see what sum of money the Town will vote to raise and appropriate for the use of the Derry Public Library and pass any vote relating thereto.

8. To see what sum of money the Town will vote to raise and appropriate for the use of Taylor Library and pass any vote relating thereto.

9. To see what sum of money the Town will vote to raise and appropriate to sprinkle or oil the streets and pass any vote relating thereto.

10. To see if the Town will vote to authorize and instruct the Selectmen to release and quitclaim to Charles G. Parker its right, title and interest in the real estate of the late Edward T. Parker, and pass any vote relating thereto.

11. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars in aid of the Derry Visiting Nurse Association, and pass any vote relating thereto.

12. To see if the Town will authorize the Trustees of Taylor Library to enlarge the library room, add new shelving, and make other necessary alterations and improvements and appropriate a sum of money to meet the expenses it may incur, and pass any vote relating thereto.

13. To see if the Town will instruct its select men to make certain necessary repairs to the Adams Memorial Building and to the Town Hall at East Derry, and raise and appropriate such sum of money as may be necessary for the same.

14. To take the sense of the Town as to the advisability of enlarging the Derry Fire Precinct by increasing its area, or by uniting with the Derry Village District, and pass any vote relating thereto.

15. To see if the Town will vote to purchase one or more automobile trucks for the use of the highway department and to raise and appropriate such sum of money as may be necessary for the same.

16. To see what action the Town will take relative to repairing Broadway from Maple Street to the railroad and from Boyd's corner at Park Avenue to the watering trough at Derry Village, and to pass any vote relating thereto.

17. To see what action the Town will take relative to completing that section of the Rockingham Road lying between Fairview Avenue and the Catholic Church, and pass any vote relating thereto.

18. To see if the Town will vote to issue its bonds for the purpose of carrying into effect any action it may take on either or both of the two previous articles; to fix the kind and denomination of such bonds; the time and place of payment; the rate of interest and the time when such interest shall be paid; the manner of payment; all to be done in accordance with the provisions of Chapter 129 of the Laws of 1917.

19. To see if the Town will authorize its Selectmen to borrow money in anticipation of taxes on the

negotiable notes of the Town, and pass any vote relating thereto.

20. To see if the Town will vote to authorize the Selectmen to appoint one or more Liquor Agents in accordance with Sect. 6 of Chapter 147 of the Laws of 1917, and pass any vote relating thereto.

21. To see what sum of money the Town will vote to raise and appropriate for a sinking fund for the payment of Town bonds and pass any vote relating thereto.

22. To see if the Town will raise and appropriate a sum of money for the purpose of assisting in defraying the expenses of the two hundredth anniversary of the Town of Derry and pass any vote relating thereto.

23. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars for the purpose of having band concerts for the public of Derry during the ensuing year and pass any vote relating thereto.

Given under our hands and seals this 24th day of February, 1919.

FIREWARD'S REPORT.

Derry Fire District.

Your Board of Firewards submit herewith to the voters of the Derry fire district the following report for the year ending February 1, 1919. In the past year the department has answered 61 calls, most of these were telephone calls, and could be handled by the chemical. There were, however, 13 bell alarms, six of these were hard fires and were handled, we believe, in excellent shape.

The total amount of property involved being $261,252.81, with a fire and water damage of $72,-378.06. We believe the men of both companies are entitled to much credit for their prompt and efficient service and we take this opportunity to thank them. We think the department and equipment is in better shape than ever before, and we desire to thank the citizens for their co-operation and support.

Respectfully submitted,

W. F. CHASE,
E. P. TROWBRIDGE,
C. F. GILLISPIE,
Firewards.

FRANK M. STEARNS, Auditor.

Derry, February 13, 1919.

REPORT OF BOARD OF HEALTH

The general condition of the town the past year has been very good.

There were 4 cases of Diphtheria, one of Scarlet Fever and several of Measles last spring, all light cases.

The first week in May was devoted to cleaning back yards and removing unsightly etc., rubbish, and the ready response the board received from the public encourages us to continue the good work this year.

Venerial diseases have been added to our list of contagious diseases, and all persons having a venerial disease unless being properly treated, will be quarantined and house placarded subject to the same laws as persons suffering from any other contagious disease and any physician or other person who makes a diagnosis in, or treats, a case of syphilis, gonorrhea, or chancroid, shall report such case immediately in writing to the local health officer, stating the name and address, or the office number , age, sex, color and occupation, of the diseased person, and the date of onset of the disease, and the probable source of the infection. The report shall be inclosed in a sealed envelope and sent to the local health officer, who shall report weekly on the prescribed form to the State Board of Health, all cases reported to him.

The health officer shall use every available means to ascertain the existence of, and to investigate, all

cases of syphilis, gonorrhea, and chancroid within their several territorial jurisdiction and to ascertain the source of such infection. Local health officers, or their authorized deputy, are empowered and directed to make such examinations of persons reasonably suspected of having syphilis, gonorrhea, or chancroid, as may be necessary for carrying out these regulations.

It is not the intention of the law to infringe upon the personal liberty of any one, but to institute measures for the protection of other persons from infection by such venereally diseased person, and any person violating any of the provisions shall be punished by a fine not exceeding ten dollars for each offence.

DR. W. R. SANDERS,
Health Officer.

DERRY WATER WORKS.

Board of Commissioners.

GUSTAVUS H. BEAN, Term expires January 1, 1920.
WILLIAM T. MORSE, Term expires 1921.
L. HENRY BAILEY, Term expires January 1, 1922.

OFFICERS

G. H. BEAN, Chairman.
WILLIAM T. MORSE, Clerk of the Board.
CHARLES BARTLETT, Treasurer.
G. H. BEAN, Superintendent

Despite the increased cost of all kinds of material used about the Water Works plant and in new construction and repairs, we are able again this year to make what we believe a gratifying financial report, as will be seen by the detailed accounts of the superintendent. Not so much new work, in extensions, etc. was done the past year, but all that was necessary was given attention and such repairs as were required were made. Now that the war is over, and the price of material is tending downward more new work may be done the ensuing year. Notwithstanding the high cost of labor, coal, wood, iron and steel, the price of water to the consumer remains the same as it was when the service was installed, and yet in spite of these facts the system is in a satisfactory condition, and the income is most gratifying. We hope it will be possible at an early date however to add to the water storage capacity of the plant a new and larger

standpipe which would be found valuable in case of an emergency. The appended report of the property holdings, and the financial condition will be found of interest to the citizens of this town.

G. H. BEAN,
WILLIAM T. MORSE,
L. HENRY BAILEY.
Commissioners.

To the Board of Water Commissioners:—

I herewith submit the annual report of the Superintendent for the year ending December 31, 1918.

As every one knows, the year 1918 was ushered in with extreme cold weather which is expensive for Water Works plants. As a result it was absolutely necessary that the water should be left running in some localities to prevent the main freezing 15,734.002 gallons of water were pumped in 1918 more than in 1917. This increase over the previous year was noticeable only in the winter months. 250 feet of six inch pipe; 5 hydrant connections; and about 70 meters were frozen.

At the pumping station we have about one thousand dollars worth of fuel more than a year ago.

The hydrant at the end of West Broadway has been replaced by a new Corey hydrant; two services have been relaid; and ten leaks in mains and service pipes have been repaired.

We have done the customary work on the steam roller, tree sprayer and sewer.

In March we bought five Nashville, Tenn., 5per cent bonds that mature March 1, 1922.

We have paid all running expenses; $416.44 for extensions; $4235.00 interest on bonds; bought $5,000-00 worth of bonds and have a balance of $3,654.50.

STATISTICS.

Number of services January 1. 1918, 860.
Number during year, 2.
Total number, 862 of which 576 are metered.
Number of meters added during the year. 18
Number of hydrants, 68.
Total number of gallons of water pumped, 79,691,127.
Average number of gallons pumped per day, 218,332.
Largest amount pumped in one day, Jan. 23, 677,047 gallons.
Least amount pumped in one day, Sept. 29, 139,139 gallons.
Largest amount of coal used in one day, Jan, 23, 3900 lbs.
Least amount of coal used in one day, July 4, 800 lbs.
Number of tons of coal used in 1918, including banking, 249.
Average number of gallons pumped per pound of coal, 156.
Average number of pounds of coal used per day for pumping only, 1395.

We have examined the accounts of Harriett D. Low, Treasurer, and find same correct with proper vouchers for all sums paid. We also find the balance as above to be in local banks.

H. L. GRINNELL, JR.,
FRANK B. OAKES,
Auditors.

TRUSTEES REPORT

The librarians report gives so clear and comprehensive an account of the work of the library for the year 1918, that anything further hardly seems needed. We ask for a careful reading of the same and of that of the treasurer, that the citizens of the town may know how the money given for the maintenance of the library has been expended, and also be reminded that a much larger amount could be profitably used. We are doing a very large business on a very small capital, and it is hoped that a realization of this fact may lead to a larger appropriation for its support, that its usefulness may be proportionately increased. Had we not drawn from our reserve fund the number of books purchased would have been much less than in former years.

We feel that our library has been honored in the election of our librarian to the presidency of the New Hampshire Library Association, a fitting testimonial

of the state-wide knowledge in library circles of her proficiency in that work.

C. H. CLEMENT,
NELLA F. CALAHAN,
HARRIETT D. LOW,
J. H. NICHOLS,
D. J. DUNN,
Trustees.

J. H. Nichols, Chairman.
Harriett D. Low, Secretary and Treasurer.

LIBRARIAN'S REPORT

To the Trustees of the Derry Public Library:—

The fourteenth annual report of the library for the year ending January 31, 1919 is here presented:—

The library has been open 274 days. During the epidemic it was closed five weeks and two days, not opening until one week after the ban had been lifted upon other places of public gathering. The hours have been the same as in former years.

Circulation

The closing of the library has decreased our circulation but the daily average of 117 books loaned, is I consider a good showing and but 4 1-2 below last years record. There is an increase in the per cent of non-fiction loaned and a corresponding decrease in fiction. Boxes of books have been sent three of the larger district schools and some of the pupils are acquiring a taste for reading which induces them to come to the library to further gratify their desire.

Accession

There have been 296 books purchased during the year. These have covered the usual wide range of subjects. We have added a good number of books on

the war both personal experiences of soldiers, nurses, and others, and the more thoughtful ones on prevailing conditions in the war zone and the problems resulting from the war. These have all been in constant demand. In response to the call for books for the Soldiers the Library collected and forwarded about 400 volumes. We have also enlarged our collection of practical subjects such as agriculture, home-making and the sciences, and many interesting works of travel and biographies have been purchased.

The number added however is not as large as could be used to advantage. Many a desirable book has not been purchased because of the expense. The books are wearing out constantly and a large number should be discarded and replaced by new copies if our funds warranted it.

A new stack has been added which will hold about 500 volumes and the books have been rearranged so that all departments have room for further additions for the present.

Picture Collection

Our collection of pictures is growing in favor and its use increasing. Nearly twice as many pictures were loaned as last year. The Mentor Magazine subscribed to for the past year is a help in this department. With each magazine comes six fine pictures of the subject treated and as many useful and interesting subjects are included we are able to loan these to advantage after they have been removed from the reading room.

Bulletin Boards

The bulletin boards have had a special prominence the past year. One board has been used exclusively

for the food problem. The library has received monthly, information on this subject from the government authorities with suggestions for display and many posters, war recipes and government leaflets have been thus shown. At one time another board contained a collection of Camp Devens post cards in which many were interested. We have had photos of Derry boys in the United States service on exhibition since last summer and many have been glad to see the faces of those who have represented Derry in the world conflict. Souvenirs of the war and views of the battle ground have also been loaned for exhibition. These subjects in addition to the usual book notices and Pinkerton Academy reading list have made these boards of more than ordinary interest.

Library Meetings

Your librarian has attended two library meetings during the year, one the annual state meeting held at Claremont, the other a neighborhood meeting held at Laconia. At the latter she represented the state association as its president and demonstrated book repairing. She also spent a day visiting libraries in the vicinity with Mr. A. T. Dudley, of Exeter, one of the New Hampshire Library Commission.

In Conclusion

Assistance is rendered whenever possible to those seeking information and the request for educational and practical books are welcomed. Our library has a good collection along this line and we wish it might be used to even greater extent. The government bulletins issued on agriculture and allied subjects can be had at the library and might be helpful

to many in the rural districts. We wish more would get the habit of coming to the library when there is information wanted as well as for books of entertainment.

TAYLOR LIBRARY

REPORT OF TRUSTEES

During the past year this library has endeavored by its trustees and librarian to serve its patron according to the expressed desires of its generous donors. Interesting books and magazines have been purchased and placed upon the shelves which all appreciate. The trustees and librarian would appreciate the suggestion of any books or periodicals that the patrons desire and they will be procured if possible. An effort is being made by the trustees to enlarge the sadly congested library room by the addition of the upper hall adjoining, and if the town grants the privilege of making the change and improvement it is believed the library accommodations will be greatly improved. The rearranging and cataloguing of the entire lot of books is also proposed.

REPORT OF SCHOOL BOARD.

The annual report of the School Board for the Town School District is herewith respectfully submitted.

On account of the prevailing epidemic the schools during the fall term, have lost four weeks which is a serious loss to the pupils.

During this time the teachers were paid in full and we are very sure that they will co-operate with the Superintendent in doing their best to make up for lost time.

On account of the conditions and the high cost of living the Board felt that the teachers were not receiving adequate pay, consequently the pay of each teacher was raised one dollar per week,

The past year has been a disasterous one on account of fires, but only one was a serious financial loss; the School House in District No. 4, for some unknown cause burned to the ground and as the insursurance was only $600.00 the loss was quite material.

As the law imposes a duty upon the School Board to furnish School facilities to all pupils and as transportation did not seem feasible the Board took it upon themselves to make immediate arrangements to rebuild the School House. This was done and the School House completed in the early fall. On account of the high price of materials and labor the School House cost in the neighborhood of $3000.00,

but we think we have one of he model district Schools in the State and we would ask the District to ratify all we have done in the premises.

The following is an estimate of the amount required to meet the statuary obligations, and this report is a notice to the selectmen as required by law. High School Tuition $2400.00; Books and Supplies $800.00; Flags and appurtenances $25.00

EDWIN B. WESTON,
HERBERT L. GRINNELL, Jr.,

SUPERINTENDENT'S REPORT

To the Board of Education of Derry Town School District:

I herewith submit my annual report as superintendent of schools.

The past year has been in several ways a rather trying one in school work. The extremely severe weather of last winter caused considerable interruption. and the epidemic of Influenza has made a most serious break in the work of the present year. However, there are many things about the situation that are encouraging. and in spite of these drawbacks. we can find much in the year's work that is gratifying.

In June sixty-one were graduated from the Eighth grade, as follows: From the Oak St.. school,22, from the Floyd school, 27, and 12 from the various district schools. The majority of these entered the Academy in the fall.

Throughout the year there has been no change in the teaching force, but at the end of the year in June, and during the summer, the following resigned to go elsewhere, or into other work: Mr. Collins, Miss Rand, Miss White of the Oak St., school, Miss McCarthy of the West Side, Miss Coult at Dist. No. 4, and Miss Reardon at Dist. No. 7. Miss Augusta E.

Newbegin, a graduate of Farmington, Maine, Normal school, and a teacher of considerable experience, was secured to succeed Mr. Collins as Prin. of the Oak St., school. Miss Emily F. Lord, a graduate of Keene Normal school, was engaged for the sixth grade, while Miss McGrail was transferred from the Floyd school to take Miss White's place in the 1st. grade of the Oak St. Miss Smith was transferred from the Floyd school to the 2nd. grade of the West Side school, and Miss Armstrong was transferred from Dist. No. 5 to take the 3rd. grade at the Floyd school. Miss Hazel B. Butler, a graduate of Keene, was secured for Dist. No. 4, and Miss Marion S. Gilson, a graduate of the State College, for Dist. No. 5, and Miss Helen M. Devaney, a graduate of Lowell Normal school, for Dist. No. 7. At the beginning of school in September, Miss Ranney was unable to return, and later at her request, she was given leave of absence for the balance of the year.

But one 1st grade was needed at the Floyd school, and later what had been Miss Ranney's room was distributed, so but four rooms at the Floyd school are now in use. The enrollment has dropped off quite a little since last year, due to the fact that a number of families have moved from town on account of industrial conditions caused by the war. With the return of peace and normal conditions, the enrollment is likely to increase.

At the beginning of school in September, it was thought to be necessary, on account of the increased cost of living, to increase the pay of the teachers. Still their pay compares very unfavorably with what they could earn in almost any other kind of employ-

ment. Their training and aptitude for their work, and not their pay, keeps them in the service.

We have had a rather curious epidemic of fires during the past year. In April, the building at No. 7 caught fire one morning, and was saved only by the efforts of the boys of the school, aided after a time by the neighbors. This fire orignated about a defective chimney. To prevent further difficulty from this cause, a new chimney was built on the outside from the ground up. While the repairs were being made, the school continued in session, through the courtesy of the officers, in the nearby Community building. Three other buildings were found to have faulty chimneys, and during the summer these were rebuilt similiarly. In May, the building at No. 4 was completely destroyed during the night. The origin of this fire is unknown. There had been no fire in the building for heating for a week, and the fire apparently did not originate about any part of the heating plant. The loss of this building was all the more severe, as it had been more thoroughly equipped than any other of our rural buildings, For the balance of the year, the teachers and pupils were transported to a vacant room in the Floyd building. This arrangement was quite satisfactory, but expensive.

In October, while the buildings were closed on account of the Influenza, a fire, caused by spontaneous combustion in soft coal, did considerable damage to the Oak St., building. One week later, a similar fire occured in the West Side building. But for the timely discovery of these fires, we should have lost both of these buildings.

It was unfortunate to have to build this year at

District No. 4, when labor and materials were so high, but having to do so, it was wise to build a good building—one that would adequately meet the needs of the school and conform to the requirements of good school architecture. We may well be proud of the building, and it is sure to react favorably on the work of the school.

It may be well to suggest at this time that several of the buildings need important repairs. All of the older buildings in the district are faulty in the matter of lighting. The buildings at No. 3, No. 6, and No. 7 have windows in front as well as on all other sides, so that children face the light. This is partially remedied by keeping the curtains at these windows drawn. The interior of the building at No. 8 was improved last year, but the four other older rural buildings need much done to put them in good condition. The ceilings need to be whitened, the walls tinted or papered, and the wood work painted. Jacketed stoves in all of these buildings would improve the heating and ventilating conditions. The Oak St., building should be painted this year. Its present appearance is not very creditable to the town.

The School Savings Bank continues to do good work, especially among the younger children. Many of the children, however, are buying thrift stamps instead of depositing in the bank, and they are encouraged to do so. The bank has been in operation almost exactly two years, and in that time, the children have deposited $2228.38, of which amount $2052.00 have been deposited to the credit of individual accounts in the Derry Savings bank. The thrift stamps are affording an excellent opportunity to teach thrift in

the outlying schools, where it is impracticable to make use of the School Savings Bank.

Early in December an evening school was opened for the benefit of our foreign-language people who might desire to avail themselves of an opportunity to acquire some mastery of the English language. Two classes were formed, one for those who could use little or no English, and one class for those who were somewhat more advanced. Forty-five have been enrolled, about half of whom have attended regularly. These have made good progress. No special effort was made to secure the attendance of large numbers. It was thought better to try to do successfully what we might undertake with a few rather than to secure large attendance and obtain doubtful results, particularly as we had facilities for not more than two or three classes. I have several times suggested the advisability of such a school in Derry. This year, the activities of the State Americanization Committee made it seem necessary to try the experiment. That committee had demonstrated the fact that there was great need of doing something. An industrial census secured during the summer showed the following facts at that time in the two largest shops, the Derry Shoe Co., and the Woodbury Shoe Co.:

Number of foreign-born employees.....190
Number of those not able to speak English.....32
Number not able to read English.....81
Number of nationalities represented.....13

These figures, of course, represent but a part of our foreign-born population, but are sufficient to indicate a very real need. If you can help any considerable number of these people to acquire some use of the common language, we shall be doing them a

great good, and make it possible for them to become better citizens. It may be of interest to note the nationality of those enrolled in the evening school. There were 33 of French Canadian stock, 1 Greek, 1 Russian, 2 Italians, 2 Poles, 2 Lithuanians, and 4 Armenians.

No provision had previously been made to finance the school, so all bills not otherwise provided for will have to be paid out of the regular school funds. The Derry Woman's Club has generously given $25.00 towards the support of the school, also Molly Reid Chapter, D. A. R., has given $5.00 for the same purpose. In the future, the district should vote sufficient money to maintain an evening school to meet the evident need of the community.

The financial statement this year covers the period from Feb. 15, 1917, to Aug. 31, 1918, or nearly a year and a half, and the total amount expended is proportionately larger than usual. At the last annual meeting there was appropriated an amount of money estimated to cover the expenses for one year, and therefore it will be necessary to vote again this year an amount to cover the period from this time to Aug. 31, 1919. It would be very desirable, if possible to raise an amount sufficient to provide for the year from Aug. 31, 1919, to Aug. 31, 1920, the next school year.

The following table of statistics for four years is given for comparison and should be of interest.

	'15	'16	'17	'18
Total enrollment	810	850	882	855
Av. membership	721.1	723.9	759.56	764
Av. attendance	676.2	690.9	718.97	722

Per cent of attendance	93.5	95.44	94.65	94.5
Av. cost of teaching	$14.18	$15.00	$16.33	$21.15
Av. cost of books and sup.	1.00	1.11	.86	.98

It will be noted that the average cost per pupil for teaching is greatly increased for 1918, but the figures given are for a period of nearly a year and a half and really do not represent any increase. The cost of books and supplies has been kept very low through the co-operation of the teachers and children in the effort to eliminate all possible waste

We are required annually to vote on the matter of medical inspection, or until the act shall be accepted. For two years the District has voted to instruct the School Board and Superintendent to call in the doctor of the Board of Health or the district nurse whenever deemed necessary. The doctor has been called upon occasionally, and I have made arrangements with the District Nurse Association for the services of the district nurse, if any special need should arise, whenever she might be at liberty. I would suggest that it would be well to arrange for her to act as school nurse for inspection purposes all of the time she may have available.

Miss Marguerite E. Clark, for quite a number of years supervisor of music, recently resigned to accept a more lucretive position in New Jersey. Miss Clark had done excellent work in the schools, and her going is a distinct loss. The subject of music is important, and should be given more rather than less attention. Arrangements are being made to continue the work along lines already outlined for the balance of the year.

While the schools have been interrupted a good deal by sickness up to this time, just now the attendance is getting to be more nearly normal, and the work is going along well. It is the purpose, entered into heartily by teachers and pupils, to accomplish the year's work in spite of the unusual difficulties. I am confident, if no further interruption occurs, that at the end of the year in June, a good year's work will have been done. The teachers are enthusiastic and working hard, and the pupils generally are responding well.

In conclusion, I wish to thank the members of the Board for generous co-operation.

Respectfully submitted,

CHARLES W. CUTTS,

Superintendent of Schools.

HARRIETT C. NEWELL,
W. H. RANNEY,
ROSE C. LEARNARD,
} School Board.

To the Board of Education Derry Special District No. 2:

I herewith submit my annual report as Superintendent of Schools.

The year since the last annual report has been of unusual difficuity in school work. Last winter the unusual severity of the weather interrupted to quite a degree the work of the schools, and the epidemic of Influenza this year has been the most serious interference that we have ever known. Yet in spite of these drawbacks we can find much that is gratifying in the year's work.

An unusually large class was graduated from the Eighth grade in June, and as the class entering the Grammar room in September was small, the attendance in that room since September has been unusually small. There has also been some decrease in the number in the Primary room. This is in accordance with the tendency in Derry due to industrial conditions arising from the war. Normal conditions may be expected to be restored soon.

We have been fortunate in retaining the same teachers—Miss Lewis and Miss How. Both are doing excellent work.

The garden work of the children last year was very successful. The estimated value of the crops raised was $373 and this amount was reported to the state supervisor in Concord. The food situation is still serious, and it is hoped to accomplish even more this year in the school-home gardens. We hope parents will co-operate to this end.

The following statistics for the year ending August 31, were reported to the State Department:

Total enrollment	61
Average membership	51
Average attendance	47.1
Per cent of attendance	92.35

The census in September showed the following:

Number of boys between 5 and 16	34

Number of girls between 5 and 16	32	
		66
Number not in school	4	
In Derry Town schools	1	
In Academy	12	
In the District's school	49	
		66

Our schools are fortunate in that all the children are from English speaking parents, and live in a community dominated by the school spirit. We may confidently expect good work to be done.

For the year ending in June, 1918, the following were on the roll of perfect attendance:

Charles Emery
Emily Emery
Amy Smart

In conclusion, I wish to thank the members of the Board for generous support and hearty cooperation in all that pertains to the well being of the schools.

Respectfully Submitted,

CHARLES W. CUTTS.

Superintendent of Schools.
